Sharon Powell,2021-06-05 Having drinks for any function or gathering is a must It may be alcoholic or non alcoholic as long as it quenches people s thirst and keeps the party going I am pretty sure someone must have thought why serve plain boring drinks when you can experiment with various juices and mixes And that s probably the origin story for our modern day cocktails and mocktails For those who don t know the difference between the two is that cocktails are usually flavored alcoholic beverages while mocktails are non alcoholic but usually give you the sense that you are drinking alcohol Mocktails sometimes are made simply by mixing in a lot of fruit juices mostly tropical fruits and juices In contrast there are quite a handful of mocktails that are usually the same as the cocktail recipes but obviously without the alcohol or booze content This is usually done for those who for various reasons cannot consume alcohol at the moment The reasons and either be health related or due to some religious obligation Regardless mocktails are always there to cheer you up *Simple Mocktail Cookbook* Grace Berry,2020-06-16 The choice of being alcohol free is becoming more popular these days and the vast range of non alcoholic beverages has steadily grown in the stores Even though this is so many individuals are still in doubt as to the combination of drinks with food Most of us choose juice water juice and non alcoholic beer as suitable options When you have dinner or a special occasion these options may not be as exciting as a special wine and are they really the perfect choice There is a place for everything on the dinner table if you only knew which drink best compliments which food In *Mocktails Mocktail Cookbook* will help you choose the right one This book will give you inspiration and detailed recipes which will assist you in making non alcoholic beverages such as Sweet Virgin Sunrise No Wine Baby Bellini Faux Sangria Mocktails Strawberry Faux Daiquiri Orange Pom Pom And many more You will find in this book some simple quick recipes to some elegant though complicated cocktails You will also learn everything about the combination of tasty food and drink to achieve a great meal no alcohol needed
