Notes and Queries ,1908 **More Important Than the Music** Bruce D. Epperson,2013-10-01 Today jazz is considered high art America s national music and the catalog of its recordings its discography is often taken for granted But behind jazz discography is a fraught and highly colorful history of research fanaticism and the intense desire to know who played what where and when This history gets its first full length treatment in Bruce D Epperson s *More Important Than the Music* Following the dedicated few who sought to keep jazz s legacy organized Epperson tells a fascinating story of archival pursuit in the face of negligence and deception a tale that saw curses and threats regularly employed with fisticuffs and lawsuits only slightly rarer Epperson examines the documentation of recorded jazz from its casual origins as a novelty in the 1920s and 30s through the overwhelming deluge of 12 inch vinyl records in the middle of the twentieth century to the use of computers by today s discographers Though he focuses much of his attention on comprehensive discographies he also examines the development of a variety of related listings such as buyer s guides and library catalogs and he closes with a look toward discography s future From the little black book to the full featured online database *More Important Than the Music* offers a history not just of jazz discography but of the profoundly human desire to preserve history itself **The Weekly Notes** ,1870 Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc ,1866 **Richard Harding Davis: a Bibliography** Henry Cole Quinby,1924 *Museum and Art Notes* Art, Historical and Scientific Association, Vancouver, B.C.,1926 Notes and Queries and Historic Magazine ,1901
