Using this ATM ensures that individual crewmember and aircrew proficiency is commensurate with the unit's mission and aircrews routinely employ standard techniques and procedures. Crewmembers will use this manual as a how-to source for performing crewmember duties. It provides performance standards and evaluation guidelines so that crewmembers know the level of performance expected. Each task has a description of the proper procedures to meet the standard. Standardization officers, evaluators, and unit trainers (UTs) will use this manual and TC 3-04.11 as the primary tools in assisting commanders with development and implementation of their ATP.
