Core Review 520, Insurance Operations, 2nd Edition Dylan H. Kim,Dylan H Kim Cpcu,2014-09-22 Dear CPCU candidates

Welcome I am very pleased that you've completed a cost to benefit analysis and correctly concluded that this core review is well worth the purchase price. When all is said and done you will have invested a couple of months with this subject and paid your hard earned money to the CPCU Institute to take a one time examination with either pass or non pass. Now that's pressure. Fear not this book was written for you. It will help you attain your passing test score and reduce your stress level as well. This book is unique in that it will not only prepare you to pass the CPCU test but it will also help you save your time. In my about 10 years of teaching all the CPCU programs I've taught hundreds of students who passed CPCU 520 exam with only 50-70 study hours. Today former candidates continue to contact me to let me know that without my review work they would not have scored as well as they did on their exams. Now I've applied all that good experience to the writing of this book. In contrast to other test materials such as Text book Review Notes Course Guide Quiz Me application you'll find that all you need to know in order to have passing grade of 70% is summarized and focused in this single review. All the nut and bolts concepts and questions you need are inside to fully diagnose your knowledge and polish it up for test day. Listen do you want to know the real key to passing the CPCU exam with the minimum study hours. The real key lies in developing your ability to grasp the whole focus on the main concepts analysis details in question and answer and repeat. This review will help you have it all. However it should be noted that this book is created as a teaching material for professionals so it includes all the very intensive contents relating to the actual exam. That means it will be difficult to study alone if you are a beginner who have no experience in Property and Casualty insurance underwriting. If you are a beginner you need to study Text Book first and can take advantage of this book as a final cleanup. For your information CPCU Complete Review series by the same author will be coming soon for the very beginner to explain all the intensive contents of this book. CPCU Core Review with easy examples and cartoons. Thank you and best of luck on the CPCU test. Cpcu Core Review 520, Insurance Operations Dylan H.
