A Comprehensive Guide to Child Custody Evaluations: Mental Health and Legal

Perspectives Joanna Bunker Rohrbaugh, 2007-11-26 In order to assist families embroiled in child custody disputes the courts order thousands of child custody evaluations each year Some of these evaluations are brief problem focused assessments aimed at quickly resolving a specific area of dispute Other evaluations are more comprehensive covering all aspects of family functioning in complex cases The process of ordering conducting or assessing either type of child custody evaluation requires a clear understanding of how legal and psychological issues are intertwined in each case This book is designed to meet this need for a comprehensive guide that combines legal information and forensic procedures with the social science research that must be the basis for all custody recommendations and decisions The book should be helpful to three separate but related groups of experienced professionals a family and probate judges b family practice attorneys and c forensic mental health professionals Before they can order a custody evaluation and use the information it provides judges must have a clear

understanding of how to integrate clinical information about each family with the related social science research This book will also enable judges to assess each custody report in terms of a the professional and legal guidelines for conducting custody evaluations and b research based criteria in each area of family functioning The text and CD also offer examples of how best to write orders for custody evaluations and detailed parenting plans that address the issues in each family **Handbook of Practice and Procedure in Justices' Courts, Civil and Criminal, Under the Code of Ohio, with Statutes, Forms, Precedents, Interpretations, Rules, Etc., Etc., Embodying the Jurisdiction of Justices of the Peace** William Slee Walker,1914 Custodial Management Practices in the Public Schools James R. Gland,Carl A. Wildey,1975 **Custodial Methods and Procedures Manual** ,1986-01-01 This manual presents practical methods and procedures to help school custodians ensure safe functioning facilities and to reflect the district standards The guide begins with brief discussions of custodial organization staff relationships and maintenance staff The section Job Descriptions by Titles lists functions of custodial positions Cleaning Procedures and Cleaning Methods are two sections devoted to effective times and techniques for cleaning building areas problems common to most schools for example maintaining auditoriums and preparing wood floors for dancing are addressed After discussing custodial equipment storage and care the manual touches on preventive maintenance safety precautions fire prevention energy use guidelines personnel forms and policy statements CJH On the Custody and Production of Title Deeds Walter Arthur Copinger,1875 *Subject Guide to Books in Print* ,1997
