The requirements for how an article shall be marked vary, but in general **each article must be marked in a conspicuous place as legibly and permanently as the article**

There are spelling variation allowed as well, such as Brasil for Brazil or Italie for Italy. (134.45)

CBP regulations state that any method of marking is acceptable. In other words, a paper sticker or a tag can be sufficient as long as it is designed to stay securely fastened to the article until it reaches the ultimate consumer. Some articles require die stamping, molded, engraving, acid or etched marking methods. Examples of these articles are steel and iron pipe, knives, forks, scissors, razors, scientific instruments, etc... (134.43) (If such items are goods of NAFTA, they only need reasonable marking, not die
