Genres and Genre Theory in Transition Giuliana Garzone, 2014 This volume features representative studies focusing on the evolution of text genres in corporate and professional communication Genre change is explored in various contexts in light of the increasing importance of new media and the profound social changes that have occurred in the last few decades Major theoretical issues are raised and discussed highlighting the need to reconsider the repertoire of conventions traditionally identified in each specific genre and to reassess and update the analytical tools used to investigate them about three decades after the emergence of genre analysis

Work-at-Home Company Listing S. Marie

Surles,2013-07-12 HEA Employment com is a work at home job listing service Our website offers job seekers access to thousands of available work at home job opportunities Over the years we compiled a listing of thousands of legitimate telecommuting companies that hire telecommuters and virtual assistant The companies listed in this EBook have hired people to work from home A majority of the companies are accepting resumes for current and future job openings The Oxford Guide for Writing Tutors Melissa Ianetta,Lauren Fitzgerald,2016 The Oxford Guide for Writing Tutors introduces two conversations to the tutor s preperation one about the creation of knowledge in writing programs the other about tutor research This approach to tutor training provides several benefits First it allows tutors to test their theories of what might work in a writing center session and helps them to move professional conversation towards why such things happen They bridge the theory practice divide that often frustrates both novices and experiences tutors By conducting research to answer such questions tutors can help themselves the writers with whom they work their fellow tutors and the writers with whom they work And further this approach gives the reader new methods for appreciating and critiquing scholarly work making it easier to understand the best ways to help writers and to move the field forward As writing tutoring programs take on a variety of forms and pursue a range of missions this book aims to create a flexible text whose contents can be easily rearranged to support a broad spectrum of reader needs Each chapter accordingly can be read independently the text does not rely on a sequential reading to create meaning The book also includes intra textual and extra textual references for the reader who wants to inquire further That is throughout the book are references to material in other chapters that might be of interest to the reader intrigued by the topic at hand So too in each chapter we include references to and citations of the scholarship that supports much of the common knowledge of the field including in the Handbook both previous tutor education textbooks and research from the field The aim is to aid the interested reader s inquiry into the scholarship of the field as well as to ground advice about practice in research that testifies to the effectiveness a range of tutoring practices Much of the scholarship cited throughout the book is authored by undergraduate tutor researchers as well as several former tutors who were graduate students when they published their articles This crucial aspect best models the ways in which tutors themselves can bring together practice and research in their day to day work and in their informed thinking about this work Including tutor voices is an important tradition of the tutor education textbook because these are voices that speak to the issues concerning tutors in a range of institutions and programs across the country *Researching Writing* Joyce Kinkead,2015-07-21 *Researching Writing* is an accessible informative textbook that teaches undergraduates how to conduct ethical authentic research in writing studies The book introduces students to the research approaches used most often and offers a course framework for professors creating or teaching research courses themselves Author Joyce Kinkead lays out the research process including finding and defining questions planning and starting the research Expository content introduces the language and methods of writing research and specific methods are demonstrated in published examples illustrating

student work using student work and showing that it is possible for students to join the scholarly conversation in writing studies Other features include student activities instructor resources student resources and links to external content on journal websites digital publications YouTube and similar work The first ever textbook for research methods in writing studies for undergraduates *Researching Writing* takes a hands on approach that excites and engages students in the depth and complexities of research and will influence the creation of courses in new writing majors as the field continues to grow

Ghostwriting and the Ethics of Authenticity John C. Knapp, Azalea M. Hulbert, 2016-11-18 This book presents an ethical framework which evaluates the legitimacy of the practice of ghostwriting It explores the connection between personal authenticity and the use of ghostwriters in corporate political legal higher education and scientific contexts It then examines the history of ghostwriting as a professional practice and introduces a model for ethical analysis In this book the authors shrewdly address crucial ethical questions such as When is it acceptable for a leader to claim the words of a ghostwriter as their own When may this be inappropriate or even dangerously misleading What are the consequences when public awareness of this practice leads to cynicism about the authenticity of leaders and their communications And when if ever is the use of a ghostwriter ethical This book will be welcomed by scholars and practitioners alike as an original and timely contribution to the literature of business politics and communications
