Otté, 1879 Danske i Amerika, 1907 **Images of America in Scandinavia** Poul Houe, Sven Hakon Rossel, 1998 The subject of Images of America in Scandinavia the first comprehensive study of its kind is as multifaceted complex and overwhelming as America or the United States itself It concerns the nature and function reality and fiction of such images in Denmark Norway and Sweden past and present The book is intended to be a source of solid information as well as a starting point for further inquiries into its cultural territory Part of its focus is on images of America rooted in printed sources but in addition general surveys of other cultural signs of America in the Scandinavian countries present a broader picture and provide some of the background for the predominantly literary images Issues such as government and politics popular and vanguard music and art and socio cultural institutions intermittently come to the fore Framing the volume's three pairs of national surveys is an introductory chapter which addresses the entire subject from a bird's eye view and a concluding chapter which by contrast delves into the cross fire of sentiments defining people whose images of America are both American and Scandinavian The discussion of America as perceived in Scandinavia sheds new light on intriguing inter Scandinavian cultural distinctions and borderlines Countless books and articles methods and theories have been devoted to the study of national and cultural identity Still the exchanges between such identities and the images they engender so indispensable for the participants in a global culture remain clouded by many misconceptions Images of America in Scandinavia whose editors and authors all have Scandinavian backgrounds will contribute an improved understanding of the cultural interplay between Scandinavia and the United States of America A New Practical and Easy Method of Learning the Danish and Norwegian Languages Including Rules for Pronunciation H.
