Bitter Eden A Novel:

Bitter Eden Tatamkulu Afrika, 2014-02-25 Based on the author's experiences follows the story of three prisoners of war who must negotiate the complex emotions and belief challenging intimacies of survival in a male only prison camp **Bitter Eden** Sharon Salvato, 1979-11-01 **Bitter Eden** Tatamkhulu Afrika, 2016-11-03 Tatamkhulu Afrika revisits his experiences as an allied prisoner of war in North Africa in 1942 The book reveals the complex rituals of camp life and the diversion of the POW theatre It lays bare the terrible cruelties but also the strange loyalties and deep bonds the men know will never be replicated on civvie street BITTER EDEN is a tender bitter powerful book of lives inexorably changed of a war whose ending does not bring peace More than simply war or gay literature this is a deeply moving human work about the meaning of love and what it is to be a man *Gay and Lesbian* Philip Harrison, 2005 Explores the manifestation of the gay and lesbian life within the socio political context that is attempting to foster a culture of human rights for all irrespective of sexual orientation to live and let live The topics in this title include De Waterkant Gay Village Cape Town the out in Africa Gay and the annual Lesbian Film Festival **Reading the Romance** Janice A. Radway, 2009-11-18 Originally published in 1984 Reading the Romance challenges popular and often demeaning myths about why romantic fiction one of publishing's most lucrative categories captivates millions of women readers Among those who have disparaged romance reading are feminists literary critics and theorists of mass culture They claim that romances enforce the woman reader's dependence on men and acceptance of the repressive ideology purveyed by popular culture Radway questions such claims arguing that critical attention must shift from the text itself taken in isolation to the complex social event of reading She examines that event from the complicated business of publishing and distribution to the individual reader's engagement with the text Radway's provocative approach combines reader response criticism with anthropology and feminist psychology Asking readers themselves to explore their reading motives habits and rewards she conducted interviews in a midwestern town with forty two romance readers whom she met through Dorothy Evans a chain bookstore employee who has earned a reputation as an expert on romantic fiction Evans defends her customers choice of entertainment reading romances she tells Radway is no more harmful than watching sports on television We read books so we won't cry is the poignant explanation one woman offers for her reading habit Indeed Radway found that while the women she studied devote themselves to nurturing their families these wives and mothers receive insufficient devotion or nurturance in return In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect The heroines admired by Radway's group defy the expected stereotypes they are strong independent and intelligent That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do Radway argues with the women readers fantasies and choices than with their need to deal with a fear of masculine dominance These romance

readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes. In fact, women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture. Paradoxically, the books that they read make conventional roles for women seem desirable. It is this complex relationship between culture, text, and woman reader that Radway urges feminists to address. Romance readers, she argues, should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination. In a new introduction, Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations.

The Oxford History of the Novel in English Simon Gikandi, 2016-09-05 Why did the novel take such a long time to emerge in the colonial world? And what cultural work did it come to perform in societies where subjects were not free and modes of social organization diverged from the European cultural centers where the novel gained its form and audience? Answering these questions and more, Volume 11, *The Novel in Africa and the Caribbean since 1950*, explores the institutions of cultural production that exerted influence in late colonialism, from missionary schools and metropolitan publishers to universities and small presses. How these structures provoke and respond to the literary trends and social peculiarities of Africa and the Caribbean impacts not only the writing and reading of novels in those regions but also has a transformative effect on the novel as a global phenomenon. Together, the volume's 32 contributing experts tell a story about the close relationship between the novel and the project of decolonization and explore the multiple ways in which novels enable readers to imagine communities beyond their own and thus made this form of literature a compelling catalyst for cultural transformation. The authors show that even as the novel grows in Africa and the Caribbean as a mark of the elites' mastery of European form, it becomes the essential instrument for critiquing colonialism and for articulating the new horizons of cultural nationalism. Within this historical context, the volume examines works by authors such as Chinua Achebe, Nadine Gordimer, George Lamming, Jamaica Kincaid, V. S. Naipaul, Zoe Wicomb, J. M. Coetzee, and many others.

The Columbia Guide to South African Literature in English Since 1945 Gareth Cornwell, Dirk Kloppe, Craig Mackenzie, 2010-04-13 From the outset, South Africa's history has been marked by division and conflict along racial and ethnic lines. From 1948 until 1994, this division was formalized in the National Party's policy of apartheid. Because apartheid intruded on every aspect of private and public life, South African literature was preoccupied with the politics of race and social engineering. Since the release from prison of Nelson Mandela in 1990, South Africa has been a new nation in the making, inspired by a nonracial idealism yet beset by poverty and violence. South African writers have responded in various ways to Njabulo Ndebele's call to rediscover the ordinary. The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored. An invaluable guide for general readers as well as scholars of African literary history, this comprehensive text celebrates the multiple traditions and exciting future of the South African voice. Although the South African Constitution of 1994 recognizes
