Black Heart 2 The Quest For Revenge Continues:

Black Heart 2 W. C. Elliott, 2014-10-21 I Won't Tell You Again United States Marshal Jacob Tunic is a no nonsense lawman that will only ask you a question or tell you to do something one time and if you don't comply well you will soon wish that you had. He has a genuine dislike for the criminal element and their discomfort is of no concern of his and he is also not opposed to dispensing on the spot justice. A tragedy that befell him in childhood resulted in Tunic having to deal with demons that have been eating away at his soul ever since. He knows that if he does not find a way to release those demons soon they will destroy him and all that he stands for. During one of his hunts for a fugitive the marshal meets Stormy Land, a female bounty hunter. Jacob and Stormy decide to work together and they grow close over time as partners do. Stormy cares for Jacob a great deal but will she be able to help him release his demons and how close will they eventually become? Sorry no spoiler here. Enjoy the book. **The Athenaeum**, 1871 **Why Race Still Matters** Alana Lentin, 2020-04-22 Why are you making this about race? This question is repeated daily in public and in the media. Calling someone racist in these times of mounting white supremacy seems to be a worse insult than racism itself. In our supposedly post racial society surely it's time to stop talking about race. This powerful refutation is a call to notice not just when and how race still matters but when, how, and why it is said not to matter. Race critical scholar Alana Lentin argues that society is in urgent need of developing the skills of racial literacy by jettisoning the idea that race is something and unveiling what race does as a key technology of modern rule hidden in plain sight. Weaving together international examples she eviscerates misconceptions such as reverse racism and the newfound acceptability of race realism. Bursts the "I'm not racist but justification complicates the common criticisms of identity politics and warns against using concerns about antisemitism as a proxy for antiracism. Dominant voices in society suggest we are talking too much about race. Lentin shows why we actually need to talk about it more and how in doing so we can act to make it matter less.
