IMPLEMENTS FOR 825, 845, 845, 845, 845, 845, 845 - PRODUCT TRAINING MANUAL

MOWER

HIGHLIGHTS

**Multi-Use (Versatile Maintenance)** Targeted at the multi-use grounds maintenance customer - the customer who needs more than a commercial mower. This mower is a perfect match for the customer who needs a mower to mow, move and spread materials like sand, salt, gravel, mulch, etc. yet has large areas to mow. This mower is perfect for the customer who needs to use 3 point implements like rotary blowers, tree cutters, fertilizer spreaders, etc. yet needs to mow athletic fields, parks, and the rough along the fairways.

**54" Wide Mower Deck** Industry's most mower deck in the industry to make efficient use of the power available and to cover the widest fronts with all the combinations.

**Four Discharge Design** Why? It just makes sense!

- No big tunnels to contend with and take up transport clearance.
- No need to try to move all the grass clippings to one side and then disperse them evenly.

- No need to have a large deflector hanging on one side of the deck.
- Either side of a rear discharge deck can be used for blowing - use the side that is most convenient.
- No need to worry about grass clippings being blown out on sidewalks, driveways, parking lots, roadways, tennis courts, etc. that will require clean up later.

**Four Blade Design** The deck is a four blade design with a whopping 1 1/2" of blade overlap.

**Four Groundable Spindles** have cast iron housings with double tapered roller bearings for long term durability.

**Matching Blades** with a four blade design are standard equipment to enhance mowing action and improve cut quality.
