Grain Harvesting

Product Highlights

■ The Case International Axial-Flow® Combines represent proven performance and reliability in a rotary combine. The single-rotor Axial-Flow design, first offered in 1977, continues to set industry standards for efficiency, grain recovery, grain quality and innovation.

■ The 1666 is powered by a 6T-830, 505 cu. in. (8.3L) six-cylinder diesel engine that's turbocharged and delivers 215 horsepower (160 kW). This engine represents the latest in diesel engine technology. It provides the performance, reliability and economy demanded by today's farmers. Power to match the high throughput capacities for threshing, separating, cleaning and grain handling.

■ Outstanding grain quality is achieved by gently accelerating the crop with impellers before it reaches the threshing area. The multiple-pass design allows a more relaxed concave setting while providing thorough and complete harvesting.

■ Rotary separation develops 20 to 40 times greater pull on the grain than normal gravity. This centrifugal grain separation system is more efficient than conventional straw walkers, resulting in greater grain recovery.

■ The Cross Flow™ Fan, combined with the high capacity cleaning sieve system, delivers exceptionally clean grain and increases overall combine throughput capacity.

■ Simple, single-rotor design provides trouble-free operation with minimal downtime for servicing and adjustments. Case IH combines have fewer belts and chains to maintain. Daily greasing involves only eight fittings in three locations.

■ The operator has easy access to the entire threshing and separating area while standing on the ground.

■ Hydrostatic ground drive provides infinitely variable ground speeds to match any harvesting condition. There are no belts or pulleys in this system. It features exclusive Foot-N-Inch pedal for excellent maneuverability in tight areas.

■ The big, comfortable cab is designed for maximum operator comfort and convenience. This environment reduces operator fatigue and increases productivity.
