top consulting firm Case Closed is honestly the best interview prep book and I've read all of them. The case interviews in Case Closed were by far the best and most similar to the cases I got in the actual interviews. Bain San Francisco internship offer, UC Berkeley Haas undergraduate. In my panic, I read all of the case interview frameworks from different case prep books. And that ended up confusing me more because there were so many frameworks but no easy way to remember when to use what. Case Closed walks you through the interview process in such a great way that I started loving case interviews and landed the job. BCG Boston full-time offer, University of Virginia undergraduate. **The Big Con** Mariana Mazzucato, Rosie

Collington, 2025-05-20. A vital and timely investigation into the opaque and powerful consulting industry and what to do about it. There is an entrenched relationship between the consulting industry and the way business and government are managed today that must change. Mariana Mazzucato and Rosie Collington show that our economies' reliance on companies such as McKinsey Company, Boston Consulting Group, Bain Company, PwC, Deloitte, KPMG, and EY stunts innovation, obfuscates corporate and political accountability, and impedes our collective mission of halting climate breakdown. The Big Con describes the confidence trick the consulting industry performs in contracts with hollowed-out and risk-averse governments and shareholder value-maximizing firms. It grew from the 1980s and 1990s in the wake of reforms by the neoliberal right and Third Way progressives and it thrives on the ills of modern capitalism from financialization and privatization to the climate crisis. It is possible because of the unique power that big consultancies wield through extensive contracts and networks as advisors, legitimators, and outsourcers and the illusion that they are objective sources of expertise and capacity. In the end, the Big Con weakens our businesses, infantilizes our governments, and warps our economies. In The Big Con, Mazzucato and Collington throw back the curtain on the consulting industry. They dive deep into important case studies of consultants taking the reins with disastrous results, such as the debacle of the roll-out of HealthCare.gov and the tragic failures of governments to respond adequately to the COVID-19 pandemic. The result is an important and exhilarating intellectual journey into the modern economy's beating heart. With peerless scholarship and a wealth of original research, Mazzucato and Collington argue brilliantly for building a new system in which public and private sectors work innovatively for the common good. *The Ultimate Guide to PM Interviews: How to Ace Your Product Manager Interview and Break into Tech* Allyson
