**A History of Baroque Music** George J. Buelow,2004-11-23 A History of Baroque Music is a detailed treatment of the music of the Baroque era with particular focus on the seventeenth century The author's approach is a history of musical style with an emphasis on musical scores The book is divided initially by time period into early and later Baroque 1600-1700 and 1700-1750 respectively and secondarily by country and composer An introductory chapter discusses stylistic continuity with the late Renaissance and examines the etymology of the term Baroque The concluding chapter on the composer Telemann addresses the stylistic shift that led to the end of the Baroque and the transition into the Classical period Jacket ,      Le Guide Musical ,1880      **Catalogue d'une collection musicale et d'ouvrages divers légués** Bibliothèque nationale (France),1896      **Catalogue d'une collection musicale et d'ouvrages divers légués par M.
