

Chapter 8: Conformity and Conflict

- **Deviance:** The violation of norms or rules and expectations
- **Informal Sanctions:** A sanction that is not enforced
- **Formal Sanctions:** A sanction that is enforced, for example by the government or other organizations.
- **Functionalist, Conflict, and Symbolic Interaction explanations for deviance**
- **Symbolic Interaction Theories:** differential association, control theory, labeling
 - Differential association: We learn to deviate from or to conform to society's norms from the groups we associate with and through interactions with others
 - Control theory: We have two control systems that work against our motivations to deviate
 - *Inner control:* Our internalized morality- conscience, religion, and or ideas of right and wrong
 - *Outer control:* People who influence us not to deviate- family, friends and police
 - Labeling theory: Labels that people are given affect how they perceive themselves and how others perceive them
- **Functionalism: deviance as functional, strain theory, illegitimate opportunity structures**
 - Deviance as functional: Deviance contributes to social order in three ways
 - Deviance clarifies moral boundaries and affirms norms
 - Deviance encourages social unity
 - Deviance promotes social change
 - Strain theory: Most people take the socially acceptable path and conform to societal norms
 - Illegitimate opportunity structure: Opportunities for crime that are woven into the texture of life

- **Merton's table of goals vs. means:**

		Institutionalized goals		
		Accept	Reject	
Cultural goals	Right	Conformity	Innovation	New Means
		Ritualism	Rebellion	
		New Goals		Rebellion

- **Anomie:** A sense of normlessness. A condition of society where people become detached from the usual norms that guide their behavior
- **Conflict theory: laws used by the powerful to maintain their positions. White collar crime**
 - Conflict theory: Criminal justice system protects the rich and powerful and oppresses the poor and weak
