

Building and construction cost guide

This guide applies to estimating cost of works for the following applications:

- Development Applications (DA)
- Construction Certificates (CC)
- Complying Development Certificates (CDC)

Estimating cost of works and application fees

Albury City Council (Council) calculates application fees based on criteria including but not limited to the estimated cost of works, the type of application, the number of proposed lots, external referrals, inspections, legislation, and other administrative processes.

This guide explains how Council determines the 'estimated cost of works' and the application fees payable. Clause 255 of the Environmental Planning and Assessment Regulation 2000 identifies how a fee based on 'estimated cost' is determined. Council must make its determination by reference to a genuine estimate of the completed costs associated with the construction and preparation of the building and/or the construction costs of carrying out of a work, and/or the demolition cost of a building or work, as it applies to the application.

The following are examples of items to include in the development cost:

- Professional fees as part of the design: architect's and consultant's fees;
- Charges and fees: GST, Long Service Levy, Development Application fee, construction approvals;
- Demolition works: including cost of removal from the site and disposal;
- Site preparation: clearing vegetation, decontamination or remediation;
- Preliminaries: scaffolding, hoarding, fencing, site sheds, delivery of materials, waste management;
- Internal fit out: flooring, wall finishing's, fittings, fixtures and bathrooms;
- Excavation or dredging: including shoring, tanking, filling and waterproofing;
- Internal services: plumbing, electrics, air conditioning, mechanical, fire protection, plant and lifts;
- External services: gas, telecommunications, water, sewage, drains and electricity to mains;
- Building construction and engineering: concrete, brickwork, plastering, steelwork/metal works, carpentry/joinery, windows, doors and roofing; and
- Other structures: landscaping, retaining walls, driveways, parking, and pools.

What do I need to do?

Include the following information in your application:

- List all work components of your proposed development e.g. dwelling, retaining walls and shed.
