**HOW WE TEST:** Score is mainly based on hiding, surface smoothness, and resistance to staining, scrubbing, gloss change, sticking, mildew, and fading. Results reflect white, pastel, and medium-tint bases. Hiding is coverage of contrasting color

mainly with one coat. Staining is resistance to water- and oil-based stains. Gloss Change is the appearance change after rough cleaning. Scrubbing is ability to resist an abrasive cleaner. Surface Smoothness is absence of roller

marks when dry. Resists Mildew is ability to inhibit mildew growth. Resists Sticking is ability to resist tackiness when dry. Resists Fading is resistance to lightening from sun rays passing through a window. Price is approximate retail per gallon.

**SCORES IN CONTEXT:** Of the 21 interior paints we tested, the highest scored 83, the lowest, 43. Many points, including most recommended products, are exclusive to one retailer, as noted in parentheses.

## The Right Paint for Your Needs

If you're selling your home soon and want it to look its best, you'll need an inexpensive paint that freshens in one coat. Homeowners sprucing up for the longer haul need paint that can also withstand stains, scrubbing, mildew, and more.
