Back in the Game Jeffrey S. Kutcher, Joanne C. Gerstner, 2017 The word concussion was unheard of in youth sports a decade ago The injury was indeed occurring but youth athletes were often told to shake it off after getting their bell rung Science and increased awareness about concussion and brain health have transformed the way youth parents coaches and players pursue athletics Fear of incurring concussions as well as incomplete or incorrect information is leading some parents to keep their children out of contact sports such as football and soccer where concussion is more prevalent Back in the Game Why Concussion Doesn't Have to End Your Athletic Career does not dwell on perpetuating fears but rather provides the most up to date understanding of the condition This is a real world discussion of what science and medicine know what parents and coaches need to understand about concussion evaluation and treatment and what possible post concussive issues exist The expertise and experiences of noted sports neurologist Jeffrey S Kutcher MD along with reporting and interviews by award winning sports journalist Joanne C Gerstner make this book a timely relevant and real discussion about concussions in youth sports Athletes and professional coaches who have participated in the formation of this book include two time Olympic gold medalist soccer player Kate Markgraf former NHL Team Canada head coach Andy Murray champion X Games snowboarder Ellery Hollingsworth along with an array of youth parents coaches and athletes from across the country
