Conflict Control Book English Edition:

Behavioural Sciences (Psychology & Sociology) [English Edition] Dr. Victor Devasirvadam, Selvan MR, 2021-01-01
The Behavioural Science book for GNM First year is an essential resource for understanding the human behavior and its impact on healthcare. Written in English, this book covers a range of topics including psychology, sociology, and communication skills. It explores the principles of human behavior, patient interaction, therapeutic communication, and cultural sensitivity. With its practical insights and real-life scenarios, this book equips GNM students with the knowledge and skills necessary for effective patient care and fostering positive relationships in the healthcare setting. Intercultural Mediation and Conflict Management Training Claude-Hélène Mayer, 2021-01-23
This book introduces the topic of intercultural mediation and conflict management. Based on the latest scientific research and successful conflict management practices, it provides theoretical insights and practical self-reflective exercises, role plays, and case studies on conflict mediation, intercultural mediation, and solution finding in conflict mediation. The book serves both as a self-learning tool to expand personal competences and cultural sensitivity and as training material for seminars, workshops, secondary, advanced, and higher education and vocational training. It is a valuable contribution to the fields of intercultural conflict mediation and conflict management, intercultural communication, intercultural training, and coaching. This is a book about practicing the applied practice of competent conflict crafts in diverse intercultural contexts. Conflict practitioners, mediators, and intercultural trainers would be inspired by Professor Claude H. l. ne Mayer's creative integration of relevant intercultural models with do-able conflict strategies and in reaching intergroup harmony with reflexivity and cultural resonance. Professor Stella Ting-Toomey, Human Communication Studies, California State University at Fullerton, USA, and Co-Editor of The SAGE Handbook of Conflict Communication, 2e. Given the difficulty and complexity of successful intercultural collaboration and conflict mediation, this is a much-needed addition to cross-cultural positive psychology. It is rich in content and training. I highly recommend it for teaching corporate training and for executive coaches. Professor Paul T. P. Wong, President, International Network on Personal Meaning and President, Meaning-Centered Counselling Institute, Toronto, Canada.
Intercultural conflict resolution is a critically important task in this modern world. This book by Professor Mayer is a welcome handbook on how to use mediation to resolve those conflicts. It should be in the library of every conflict mediator. My congratulations to Professor Mayer for her important work. Dan Landis, Founding President, International Academy of Intercultural Research, Affiliate Professor of Psychology, University of Hawaii. The Conflict Resolution Toolbox Gary T. Furlong, 2020-08-25
