

Compromises made at the Constitutional Convention	
What was the original problem?	Compromise/Solution
<b>REPRESENTATION</b>  How would the legislature be chosen? Larger states wanted representation based on population; smaller states wanted all states represented equally	The Great Compromise - there shall be a bicameral legislature (two houses); the Senate (the Upper House) shall have 2 representatives from each state (equal representation) and the House of Representatives shall have proportional representation (a certain number of representatives based on population)  Census taken every ten years to determine the number of House reps.  Now permanently set at 435 for the House and 100 for the Senate
<b>SLAVERY</b>  How would slaves be counted? The North wanted slaves counted for tax purposes; the South wanted slaves counted for the purposes of representation in Congress  Would slavery continue?	Three-fifths Compromise - every five slaves will be counted as three persons for the purpose of representation  The issue of slavery will be put on hold until 1850; at this time the importation of new slaves was banned
<b>THE PRESIDENCY</b>  How would the president be elected?  How long a term would he serve?	The president will NOT be directly elected; the Founding Fathers feared the general public choosing such an important figure  Instead the president will be chosen by Electors of the Electoral College; the number of electors per state is determined by the number of House reps and Senators each state has  The president will serve 4 year terms; original Constitution did not set a number for how many terms a president could serve
<b>POWER OF THE FEDERAL GOVERNMENT</b>  How would the powers of the states be protected?  Most colonists at the time felt more like "New Yorkers or Pennsylvanians" than "Americans"  How would the central government's power be limited so that it could not take away people's rights?	Federalism - the sharing or division of powers between the federal and state governments  Federal powers = delegated/numerated & implied powers  State powers = reserved powers  Shared powers = concurrent powers  Separation of the branches of government (legislative, judicial, executive) & checks and balances  Bill of Rights
