Constitution Test 8th Grade Chapter 3:

High Stakes National Research Council, Division of Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee on Appropriate Test Use, 1999-01-16 Everyone is in favor of high education standards and fair testing of student achievement but there is little agreement as to what these terms actually mean High Stakes looks at how testing affects critical decisions for American students As more and more tests are introduced into the country's schools it becomes increasingly important to know how those tests are used and misused in assessing children's performance and achievements High Stakes focuses on how testing is used in schools to make decisions about tracking and placement promotion and retention and awarding or withholding high school diplomas This book sorts out the controversies that emerge when a test score can open or close gates on a student's educational pathway The expert panel Proposes how to judge the appropriateness of a test Explores how to make tests reliable valid and fair Puts forward strategies and practices to promote proper test use Recommends how decisionmakers in education should and should not use test results The book discusses common misuses of testing their political and social context what happens when test issues are taken to court special student populations social promotion and more High Stakes will be of interest to anyone concerned about the long term implications for individual students of picking up that Number 2 pencil policymakers education administrators test designers teachers and parents
