Preparation for State-mandated Testing David J. Johnson,2005 **Instructor** ,1961 **Educational Measurement** Robert L. Brennan,2006-08-30 The importance of this fourth edition of Educational Measurement is to extensively update and extend the topics treated in the previous three editions As such the fourth edition documents progress in the field and provides critical guidance to the efforts of new generations of researchers and practitioners This new edition of Educational Measurement is edited by Robert Brennan and jointly sponsored by ACE and the National Council on Measurement in Education It provides in depth treatments of important measurement topics and the chapter authors are acknowledged experts in their respective fields NATIONAL COUNCIL ON MEASUREMENT IN EDUCATION is an organization incorporated for scientific educational literary and charitable purposes i e advancing of the science of measurement instruments and procedures improving applications of measurement and disseminating knowledge about measurement theory techniques and instrumentation Construct Validation of Mathematics Achievement Haggai Kupermintz,1999 This study investigated the validity of measures derived from a large scale multiple choice achievement test in mathematics using evidence from introspective think aloud protocols of students as they attempted test items In a small scale study of 21 local high schools students the authors sought to identify and describe cognitive processes underlying performance on test items and to examine their utility in supporting validity claims about the achievement dimensions tapped by the test The authors

examined differences and similarities in solution strategies and sources of knowledge used to solve items representing five achievement dimensions The results provided further evidence for the plausibility of interpretations of the dimensions derived from a large scale factor analysis and support the conclusion that 12th grade mathematics achievement is factorially and cognitively complex Test scores that do not capture such complexity may mask important achievement information
