Business Studies Memo September 2014 Grade 1:

Eskom Sylvy Jaglin, Alain Dubresson, 2016-08-16 Africa's leading producer of electricity Eskom Holdings SOC Ltd is also a vertically integrated monopoly owned by the South African state This national champion was shaken in 2008 when it was obliged to introduce load shedding or rolling blackouts and again in late 2014 Trying to understand how and why one of the iconic pillars of South African state capitalism is now in distress the authors of this book argue that the so called electricity crisis is in fact a public monopoly crisis Moving beyond technical aspects they explore the relationship between state power and Eskom before during and after apartheid From this perspective they suggest that the current technical and financial troubles of this public utility are illustrative of the weakening of its technopolitical regime of how national institutions have governed Eskom's technological development and of the pursuit of political goals in the production of electrical power Without a clear industrial strategy during the 2000s Eskom became a powerful tool of Broad Black Economic Empowerment as well as a neopatrimonial system which generates profits captured by the ruling party As a result crisis in Eskom shakes the whole political edifice Inefficient and its finances increasingly under scrutiny this state owned enterprise's existence as a monopolistic public utility is regularly a subject of debate The authors discuss the ambivalent role of Eskom in the national energy transition policy and whether solutions point in the direction of de-integrating this public monopoly and allowing its current technopolitical regime to enter a planned or natural decline

Booze, Cigarettes, and Constitutional Dust-Ups

Ryan Manucha, 2022-10-15 Gerard Comeau a retiree living in rural New Brunswick never thought his booze run would turn him into a Canadian hero In 2012 after Comeau had driven to Quebec to purchase cheaper beer and crossed back into his home province police officers participating in a low stakes sting operation tailed and detained him confiscated his haul and levied a fine of less than 300 Countries routinely engage in trade wars and erect barriers to protect domestic industries from foreign competition Comeau however was detained by the full force of the law for engaging in commerce with a Canadian business on the other side of a domestic border With Comeau's story as its starting point *Booze Cigarettes and Constitutional Dust Ups* tells the fascinating tale of Canadian interprovincial trade Ryan Manucha examines the historical political and legal forces that gave rise to the regulation of interprovincial commerce in Canada the trade offs that come with liberalized domestic free trade and Canada's enduring pursuit of economic union The pandemic laid bare the vulnerability of global supply chains the fickleness of foreign trading partners and the surprising slipperiness of domestic trade In a global climate of increasingly isolationist geopolitics the history and possibility of Canada's economic union quirks and all deserve careful attention
