**Bitter Or Better** Tom Sutter, 2014-10-09 Tom Sutter has overcome unbelievable obstacles on his way to creating the successful life he enjoys today would be an understatement of epic proportions Whether it was breaking the cycle of an unhealthy upbringing the powerful decision he made to change the course of his life while spending a few nights in jail or suffering the loss of his young son Cal Tom doesn't just share his life's journey and lessons in this book He provides a blueprint for success to overcoming and creating an outstanding life Today Tom his wife Stacey and their blended family of six children live in the Chicago suburbs and are all actively involved in the foundation dedicated to Cal's memory which has raised more than 2 000 000 to help families facing the challenges of pediatric cancer with financial assistance to keep them in their homes food on the table and a smile on their face Tom electrifies audiences across North America with his passionate and proven success strategies for business and personal growth The Problem of Life, 1889 The Rise and Fall of Self William Landon, 2006 It is beyond debate that the world is troubled with numerous problems We live in a time of political economic and social uncertainty While all of us earnestly hope that these problems will be worked out we all differ widely in our views of the best route to get to these solutions Perhaps the most basic issue in seeking solutions to our problems is the identification of the cause or source of these problems As the world is an interconnected system where we all have some impact on the whole it is logical to assume that the most basic issues of the world's problems lie within each of us individually This book takes this approach If we are to ever hope to move toward solutions to the world situation we must begin with each of our own individual situations This is not a look at our physical situation but with our psychological and spiritual situation The only way we can ever hope to build a better world is to build better people The making of better people begins with a proper constitution of our self or the person we truly are In the end there are only two versions of our self that we can elect to live in the independent self or the individual self One of these versions leads to a life of bondage and the other leads to a healthy life of positive impact This impact touches both our own life and the condition of all those we have contact with The Homiletic review.
