Black Lives Matter From Holocaust To Lynching To Liberation:

Black Lives Matter: from Holocaust to Lynching to Liberation Thomas Jerome Bsker, 2015-02-23 *Endless Holocausts* David Michael Smith, 2023-01-01 An argument against the myth of American exceptionalism Endless Holocausts Mass Death in the History of the United States Empire helps us to come to terms with what we have long suspected the rise of the U S Empire has relied upon an almost unimaginable loss of life from its inception during the European colonial period to the present And yet in the face of a series of endless holocausts at home and abroad the doctrine of American exceptionalism has plagued the globe for over a century However much the ruling class insists on U S superiority we find ourselves in the midst of a sea change Perpetual wars deteriorating economic conditions the resurgence of white supremacy and the rise of the Far Right have led millions of people to abandon their illusions about this country Never before have so many people rejected or questioned traditional platitudes about the United States In Endless Holocausts author David Michael Smith demolishes the myth of exceptionalism by demonstrating that manifold forms of mass death far from being unfortunate exceptions to an otherwise benign historical record have been indispensable in the rise of the wealthiest and most powerful imperium in the history of the world At the same time Smith points to an extraordinary history of resistance by Indigenous peoples people of African descent people in other nations brutalized by U S imperialism workers and democratic minded people around the world determined to fight for common dignity and the sake of the greater good The Ground Has Shifted Walter Earl Fluker, 2016-11-08 An exuberant thought provoking assessment of the dilemmas facing black churches examining their historic role in today s cultural landscape Publishers Weekly starred review In The Ground Has Shifted Walter Earl Fluker discusses the historical and current role of the Black church and argues that the older race based language and metaphors of religious discourse have outlived their utility He offers instead a larger global vision for the Black church that focuses on young Black men and other disenfranchised groups who have been left behind in a world of globalized capital Lyrically written with an emphasis on the dynamic and fluid movement of life itself Fluker argues that the church must find new ways to use race as an emancipatory instrument if it is to remain central in Black life He points the way for a new generation of church leaders scholars and activists to reclaim the Black church s historical identity and to turn to the task of infusing character civility and a sense of community among its congregants Honorable Mention Theology and Religious Studies PROSE Award *The Legend of Wyatt Outlaw* Sylvester Allen Jr., Belle Boggs, 2025-10-29 Wyatt Outlaw s story was one of Black success He was a Union League leader business owner and the first Black town constable and commissioner in Graham a small town located in North Carolina s Alamance County But in 1870 Outlaw was murdered by the Ku Klux Klan setting off a dramatic series of events more lynchings a Republican led war against the Klan and a white supremacist crackdown on Black political power that continues today As a child Black activist musician and Graham native Sylvester Allen frequently passed the site where Outlaw was killed without ever learning his name Belle Boggs white and also

from the South taught high school in Alamance County without knowing Outlaw's importance. Allen and Boggs both sought to discover why Outlaw had been erased from mainstream history books. In *The Legend of Wyatt Outlaw* they share what they found in artful detail and connect Outlaw's story to the violence against Black people in Alamance and throughout the United States from Reconstruction through Jim Crow, the civil rights era, and Black Lives Matter. Drawing on archival research, interviews, and their own personal stories, Allen and Boggs join the conversation begun by historian Peniel Joseph and activist William Barber II about a third Reconstruction in America, but they also offer ways to move forward for any community struggling with a history of racism.

A House Without Walls: How Christ Unites His Ethnically Divided Church Dan Crabtree, 2021-11-02. In light of the heart-breaking ethnic division rending America today, *A House Without Walls* seeks to foster multi-ethnic harmony in evangelical congregations by bringing Biblical clarity to current racial and ethnic conversations. It uses Scripture to answer some pressing questions of our day: like, "Are all people inherently racist? Does the gospel include racial justice? Does the Bible advocate for white repentance?" *A House Without Walls* attempts to realign discussions about race under the Lordship of Jesus Christ, focusing on Biblical understanding and applications. It also includes extra Biblical research explaining the language and logic of current conversations about race within an aim towards confidence in engaging the prevalent cultural discourse on race. The hopeful outcome of this work is listing unity among believers from diverse ethnic groups facilitated by this Scriptural study.

Judaism, Race, and Ethics Jonathan K. Crane, 2020-03-30. Recent political and social developments in the United States reveal a deep misunderstanding of race and religion. From the highest echelons of power to the most obscure corners of society, color and conviction are continually twisted, often deliberately for nefarious reasons or misconstrued to stymie meaningful conversation. This timely book wrestles with the contentious dynamic and ethically complicated relationship between race and religion through the lens of Judaism. Featuring essays by lifelong participants in discussions about race, religion, and society, including Susannah Heschel, Sander L. Gilman, and George Yancy, this vibrant book aims to generate a compelling conversation vitally relevant to both the academy and the community. Starting from the premise that understanding prejudice and oppression requires multifaceted critical reflection and a willingness to acknowledge one's own bias, the contributors to this volume present surprising arguments that disentangle fictions, factions, and facts. The topics they explore include the role of Jews and Jewish ethics in the civil rights movement, race and the construction of American Jewish identity, rituals of commemoration celebrating Jewish and Black American resilience, the Yiddish gaze on lynchings of Black bodies, and the portrayal of racism as a mental illness from nineteenth-century Vienna to twenty-first-century Charlottesville. Each essay is linked to a classic Jewish source and accompanied by guiding questions that help the reader identify salient themes connecting ancient and contemporary concerns. In addition to the editor, the contributors include Sander L. Gilman, Annalise E. Glauz, Todrank Aaron S. Gross, Susannah Heschel, Sarah Imhoff, Willa M. Johnson, Judith W. Kay, Jessica Kirzane, Nichole Renée Phillips, and George Yancy.
