Blackberry Curve 8350 I Manual

Michael Morrison

Blackberry Curve 8350 I Manual:

Advanced BlackBerry 6 Development Chris King, 2011-07-21 BlackBerry devices and applications are selling by the millions. As a BlackBerry developer, you need an advanced skill set to successfully exploit the most compelling features of the platform. This book will help you develop that skill set and teach you how to create the most sophisticated BlackBerry programs possible. With Advanced BlackBerry 6 Development, you'll get a comprehensive look at the new features included with SDK 6, including the web and widgets SDK, the web browser, and more. You'll also learn how to take advantage of BlackBerry media capabilities such as the camera and video playback. The book also shows you how to send and receive text and multimedia messages, use powerful cryptography libraries, and connect with the user's personal and business contacts and calendar. Not only will you be learning how to use these APIs, but you'll also be building a program that takes full advantage of them: a wireless media sharing app. Each chapter's lessons will be applied by enhancing the app from a prototype to a fully polished program. Along the way, you'll learn how to differentiate your product from other downloads by fully integrating with the new BlackBerry 6 operating system. Your app will run in the browser and within device menus, just like software that comes with the phone. You will even learn BlackBerry's new Web browser features, Web standards-based software development kit, and more. Once you are comfortable with writing apps, this book will show you how to take them to the next level. You'll learn how to move from running on one phone to running on all phones and from one country to all countries. You'll additionally learn how to support your users with updates. No other resource compares for mastering the techniques needed for expert development on this mobile platform.

BlackBerry Curve Made Simple Gary Mazo, Martin Trautschold, 2011-02-04 You're a proud owner of the bestselling smartphone in the world. Now learn how to make use of all of the Curve's features with this easy-to-read guide from two of the best BlackBerry trainers in the business. **BlackBerry Curve Made Simple** teaches you how to get the most out of your BlackBerry Curve 8500 and Curve 3G 9300 series smartphone. You'll explore all of the features and uncover time-saving techniques from emailing and scheduling to GPS mapping and using apps. All through easy-to-read instructions and detailed visuals. Written by two successful BlackBerry trainers and authors, this is simply the most comprehensive and clear guidebook to the BlackBerry Curve smartphones available.

My BlackBerry Curve Craig James Johnston, 2009-12-17 Step-by-step instructions with callouts to BlackBerry Curve photos that show you exactly what to do. Help when you run into BlackBerry Curve problems or limitations. Tips and Notes to help you get the most from your BlackBerry Curve. Full-color step-by-step tasks walk you through getting and keeping your BlackBerry Curve working just the way you want. The tasks include: How to get started fast with any BlackBerry Curve 8300 Series, 8500 Series, or 8900 Series. How to make, receive, and manage calls and emails efficiently. How to use the BlackBerry Curve's powerful contact management and calendar software. How to listen to audio and watch video. How to connect to the Internet. Bluetooth devices and your company's VPN.
