Deped Curriculum Guide 23:

Novel and Intelligent Digital Systems: Proceedings of the 4th International Conference (NiDS 2024) Phivos Mylonas, Dimitris Kardaras, Jaime Caro, 2024-10-15 This book compiles the research findings presented at the 4th International Conference on Novel Intelligent Digital Systems NiDS 2024 which took place in Athens Greece on September 25-27, 2024, hosted by the University of West Attica. NiDS 2024 was conducted in a hybrid format offering participants the flexibility to join either online or in person. The conference highlighted the latest innovations in intelligent systems and emphasized the collaborative research that advances Artificial Intelligence (AI) in software development. It served as a platform for high-quality research, providing a space to explore challenges and innovations in AI. NiDS 2024 referred to experts, researchers, and scholars in artificial and computational intelligence, as well as the broader field of computer science, offering insights into interconnected and complementary areas. By promoting the exchange of ideas, the conference aimed to strengthen and expand the network of researchers, academics, and industry professionals.

Developing Materials for Innovative Teaching and Sustainable Learning Andrzej Cirocki, Raichle Farrelly, Taylor Sapp, 2024-10-30 This volume features current innovative and effective ways of developing instructional materials for diverse English Language Teaching (ELT) contexts. It is divided into four sections, each featuring pedagogical materials designed for specific groups of learners. The sections focus on materials for general English, ESP, and EAP, CLIL, and ELT teacher education courses. The chapters, written by experienced educators from around the world, are highly practical and detail the process of designing materials for innovative and sustainable language education. The contributors reflect on their own practice, describe the materials design process, explain the guiding principles, and connect the design process with the local context and educational policies. They also offer practical tips to inspire classroom practitioners to create their own materials, promoting innovative teaching and sustainable learning. Ultimately, their chapters aim to encourage a world where teaching involves creativity and adaptability, leading to transformative learning for both teachers and learners.

The Handbook of Linguistic Human Rights Tove Skutnabb-Kangas, Robert Phillipson, 2022-12-01 A groundbreaking new work that sheds light on case studies of linguistic human rights around the world, raising much-needed awareness of the struggles of many peoples and communities. The first book of its kind, the Handbook of Linguistic Human Rights presents a diverse range of theoretically grounded studies of linguistic human rights, exemplifying what linguistic justice is and how it might be achieved. Through explorations of ways in which linguistic human rights are understood in both national and international contexts, this innovative volume demonstrates how linguistic human rights are supported or violated on all continents, with a particular focus on the marginalized languages of minorities and Indigenous peoples in industrialized countries and the Global South. Organized into five parts, this volume first presents approaches to linguistic human rights in international and national law, political theory, sociology, economics, history, education, and critical theory. Subsequent sections address how international standards are

promoted or impeded and cross cutting issues including translation and interpreting endangered languages and the internet the impact of global English language testing disaster situations historical amnesia and more This essential reference work Explores approaches to linguistic human rights LHRs in all key scholarly disciplines Assesses the strengths and weaknesses of international law Covenants and Declarations that recognize the LHRs of Indigenous peoples minorities and other minoritized groups Presents evidence of how LHRs are being violated on all continents and evidence of successful struggles for achieving linguistic human rights and linguistic justice Stresses the importance of the mother tongues of Indigenous peoples and minorities being the main teaching learning languages for cultural identity success in education and social integration Includes a selection of short texts that present additional existential evidence of LHRs Edited by two renowned leaders in the field the Handbook of Linguistic Human Rights is an ideal resource for undergraduate and graduate students of language and law sociolinguistics applied linguistics language policy language education indigenous studies language rights human rights and globalization
