### What is Descent Quest?

Over the years there have been a lot of board games in the "dungeon crawl" genre. It's arguable that none of them have really claimed the title of "ultimate dungeon crawl". Descent: Journeys in the Dark is the current "king" of the genre, but an old favorite called Warhammer Quest has some features that are not present in Descent. Each game has its advantages, and Descent Quest is an attempt to mix the best parts of both games. Specifically, Descent Quest (referred to as DQ from here on out) makes Descent a fully cooperative game, like WQ. The game is no longer played with an Overlord. Additionally, the dungeon difficulty scales to the number of heroes, so you can play with a single hero, or possibly even more than 4 heroes. Finally, DQ uses dungeon cards like WQ, meaning the dungeon is different every time. You no longer know what path you'll be taking. While it's best played with the dungeon cards, the rules can be used without the dungeon deck in order to play standard quests.

### What do I need in order to play?

All you need to play Descent Quest is this document and the Descent board game. This document contains new cards that will describe the dungeon areas and the monsters therein as well as special events that can happen while exploring. You'll also find a table that determines what rewards you'll receive for defeating your enemies. As for Descent itself, all you really need is the base game, but this game uses content from every expansion except for Road to Legend (Well of Darkness, Altar of Despair, and Tomb of Ice). Expect Road to Legend support soon. To fully enjoy the game, you will want the expansions. No elements from Warhammer Quest are needed for the game.

### What is included?

In this guide you have the instructions, of course. In the back you will find cards that you will need to print. While it's true that some cards have "wasted space" on them, I chose to keep a consistent format so that there would be room for future expansion. Some cards do require the extra room, so it's necessary that it is present on all cards. If you want to save some ink, only the Quest Guide and Dungeon Cards really need to be printed in color. The following types of cards are present:

- **Event Cards.** These are random events that can happen every turn you are in the dungeon. Some of them are pulled from the Overlord's bag of tricks, but others are quite different. The results can be good or bad... usually bad.
- **Dungeon Cards.** These are empty sections of dungeon (often more than one piece per card) that you will lay down as the cards are drawn.
- **Objective Area Cards.** Objective Areas are the final areas of the dungeon. See below.
- **Monster Spawn Cards.** Each time you enter a new area, you will draw a monster card to see who (or what) is lurking in the area.
- **Door Cards.** Each exit in an area has a door placed in front of it. When opening a door, you will first draw a door card to see if any special events occur.

The Treasure Guide lists all the loot you can receive after winning a battle, and what dice rolls will produce it.
