Emily Dickinson: Selected Poems and Letters Emily Dickinson, 2023-02-21 This compact edition designed for use in undergraduate courses combines a substantial selection of Dickinson's poems including one complete fascicle with a selection of letters and a range of contextual materials. In a number of cases several different versions of a poem are presented side by side. The texts are based on the handwritten manuscripts themselves in the facsimile form in which the Emily Dickinson Archive now makes the vast majority of Dickinson's manuscript versions available to the general public. The three major editions that are based directly on the manuscripts those of Thomas H Johnson 1955 R W Franklin 1998 and Crisanne Miller 2016 have also been consulted in many cases where the transcriptions of these editors differ from one another this edition provides information in the notes as to those differences. Extensive explanatory footnotes are also provided as is a concise but wide ranging introduction to Dickinson and her work. The appendices include excerpts from numerous nineteenth century reviews of Dickinson's first published volume including by William Dean Howells and Andrew Lang.
