Enz,2009-04-07 Updated to include the current models theories and hospitality practices Hospitality Strategic Management Concept and Cases Second Edition is a comprehensive guide to strategic management in the international hospitality industry Author Cathy A Enz uses the case study approach to cover current topics such as innovation entrepreneurship leadership ethics and franchising Eight full case studies with exhibits and documents address the areas of lodging food service tourism e commerce gaming cruise lines and airlines making this book ideal for executive level training courses or hospitality industry executives interested in developing their strategic management skills

Organisational Adaptations Oluwaseun E. Adegbite,Antonis C. Simintiras,Yogesh K. Dwivedi,Kemefasu Ifie,2017-08-26 This book explores how enterprises adapt to challenges in their business environments It focuses on the critical elements within organisations that every executive must address in order to remain competitive It takes a pluralist approach in trying to broaden our knowledge on organisational adaptations It also offers an exploratory delve into existing literature of organisational study This is biased for content context and process framework and processual analytic approach in order to identify determine understand the intricacies of adaptations going on in various business

organisations The book also includes a case study of how Kodak and Fujifilm responded to digitalisation of photographic film industry which is an example of major adaptation change Many global brands are often contending with similar issues and real life challenges Simply put today s business environment demands a new way of doing business that challenges brand s existing core business philosophy Organisations are individual entities in their own rights Businesses have devised ways of surviving their environments They do this by downsizing merger and acquisition business ecosystems other forms of collaborations and strategic alliances While this is true current research works into generic predictors and or concepts that enhance the transformation process are scarce It is particularly important to align the theories and concepts of organisational adaptations with realities in the business environment This book delves deep and explains adaptations in organisations but also offers insight for how executives can adapt and thrive in their dynamic business environments

Strategic Management Jeffrey S. Harrison,2003 From internal resources such as people knowledge and capital to relationships with external stakeholders such as customers and suppliers Strategic Management of Resources and Relationships provides students with one realistic comprehensive and highly effective approach to strategic management Students will learn how to use the resource based view to develop competitive advantages through the acquisition development and management of resources They ll also learn how to use stakeholder theory to determine when firms should form partnerships the form they should take and how to manage them to enhance their resource position The text s unique blend of the resource based approach with stakeholder theory and other relevant theories and models helps students gain a complete balanced understanding of the field

Communicable Crises Deborah E. Gibbons,2007-03-01 This volume makes a significant contribution to the crisis management literature It also adds to our inchoate understanding of network governance temporary teams and task forces communities of practice alliances and virtual organizations It hints that the distinction between networks and organizations may be somewhat spurious a matter of degree rather than kind Indeed it seems that this distinction may derive more from mental models in which we consistently reify organizations than anything else Finally the volume emphasizes the functional importance of leadership in network governance and puzzles over its provision in the absence of hierarchy As such it adds to the contributions made by Marc Granovetter 1973 John Seeley Brown and Paul Duguid 1991 Bart Nooteboom 2000 Paul J DiMaggio 2001 John Arquilla and David Ronfeldt 2001 Laurence O Toole and Ken Meier 2004 and others as well as Nancy Roberts seminal work on wicked problems and hastily formed teams The result is a product the editor and the contributors can be proud of Overall it is one that will edify surprise and delight its readers
