Headlam-Morley, 2017-09 Bismarck and the Foundation of the German Empire is an unchanged high quality reprint of the original edition of 1899 Hansebooks is editor of the literature on different topic areas such as research and science travel and expeditions cooking and nutrition medicine and other genres As a publisher we focus on the preservation of historical literature Many works of historical writers and scientists are available today as antiques only Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future **Bismarck and the Foundation of the German Empire** J. W. Headlam Morley, 1927 Bismarck and the Foundation of the German Empire James Headlam, 2015-02-25 This is a history that looks at Otto van Bismarck s career and the way in which he modernized Germany From the preface The greater portion of the following pages were completed before the death of Prince Bismarck I take this opportunity of apologising to the publishers and the editor of the series for the unavoidable delay which has caused publication to be postponed for a year During this period two works have appeared to which some reference is necessary The value of Busch s Memoirs has been much exaggerated except for quite the last years of Bismarck s life they contain little new information which is of any importance Not only had a large portion of the book already been published in Busch s two earlier books but many of the anecdotes and documents in those parts which were new had also been published elsewhere Bismarck s own Memoirs have a very different value not so much because of the new facts which they record but because of the light they throw on Bismarck s character and on the attitude he adopted towards men and political problems With his letters and speeches they will always remain the chief source for our knowledge of his inner life The other authorities are so numerous that it is impossible here to enumerate even the more important I must however express the gratitude which all students of Bismarck s career owe to Horst Kohl in his Bismarck Regesten he has collected

and arranged the material so as infinitely to lighten the labours of all others who work in the same field His Bismarck Jahrbuch is equally indispensable without this it would be impossible for anyone living in England to use the innumerable letters documents and anecdotes which each year appear in German periodicals Of collections of documents and letters the most important are those by Herr v Poschinger especially the volumes containing the despatches written from Frankfurt and those dealing with Bismarck's economic and financial policy A full collection of Bismarck's correspondence is much wanted there is now a good edition of the private letters edited by Kohl but no satisfactory collection of the political letters For diplomatic history between 1860 and 1870 I have of course chiefly depended on Sybel but those who are acquainted with the recent course of criticism in Germany will not be surprised if while accepting his facts I have sometimes ventured to differ from his conclusions

Bismarck and the Foundation of the German Empire James Wycliffe Headlam, 2020-03-19 Otto Eduard Leopold Von Bismarck was born at the manor house of Schoenhausen in the Mark of Brandenburg on April 1 1815 Just a

month before Napoleon had escaped from Elba and as the child lay in his cradle the peasants of the village who but half a year ago had returned from the great campaign in France were once more called to arms A few months passed by again the King of Prussia returned at the head of his army in the village churches the medals won at Waterloo were hung up by those of Grossbehren and Leipzig One more victory had been added to the Prussian flags and then a profound peace fell upon Europe fifty years were to go by before a Prussian army again marched out to meet a foreign foe The name and family of Bismarck were among the oldest in the land Many of the great Prussian statesmen have come from other countries Stein was from Nassau and Hardenberg was a subject of the Elector of Hanover even Blücher and Schwerin were Mecklenburgers and the Moltkes belong to Holstein The Bismarcks are pure Brandenburgers they belong to the old Mark the district ruled over by the first Margraves who were sent by the Emperor to keep order on the northern frontier they were there two hundred years before the first Hohenzollern came to the north The first of the name of whom we hear was Herbort von Bismarck who in 1270 was Master of the Guild of the Clothiers in the city of Stendal The town had been founded about one hundred years before by Albert the Bear and men had come in from the country around to enjoy the privileges and security of city life Doubtless Herbort or his father had come from Bismarck a village about twenty miles to the west which takes its name either from the little stream the Biese which runs near it or from the bishop in whose domain it lay He was probably the first to bear the name which would have no meaning so long as he remained in his native place for the von was still a mark of origin and had not yet become the sign of nobility
