Heart is my big beautiful intelligent Leadersheep that lives on Coldstream Icelandic Sheep Farm. It took me three years to figure out why she never lambed. I just thought she was just waiting for her Prince Charming. Four different rams came through the farm and left without a lamb for her. I know that she loved lambs because she was present for each one's birth. After the lambs were born, Heart would continually watch over them and protect them. All the lambs love their Auntie Heart and played around her every day. They often showed off in their lamb races. Sometimes Auntie Heart would spring along with them as if her legs were Pogo Sticks. It was hilarious watching a 200-pound ewe bouncing around with the lambs. I had a veterinarian examine her a few years ago to try and figure out why she never lambed. She told me that Heart could never lamb because her gender was not defined. After that revelation, I took her name off the ewe breeding list and gave her the position she had deserved all along: Heart the Leadersheep Protector of all things small.
