Black White And Gay An Erotic Novel:

James Baldwin and the Queer Imagination Matt Brim, 2023-06-20 The central figure in black gay literary history James Baldwin has become a familiar touchstone for queer scholarship in the academy Matt Brim's *James Baldwin and the Queer Imagination* draws on the contributions of queer theory and black queer studies to critically engage with and complicate the project of queering Baldwin and his work Brim argues that Baldwin animates and in contrast disrupts both the black gay literary tradition and the queer theoretical enterprise that have claimed him More paradoxically even as Baldwin's fiction brilliantly succeeds in imagining queer intersections of race and sexuality it simultaneously exhibits striking queer failures whether exploiting gay love or erasing black lesbian desire Brim thus argues that Baldwin's work is deeply marked by ruptures of the unqueer into transcendent queer thought and that readers must sustain rather than override this paradoxical dynamic within acts of queer imagination

Extravagant Abjection Darieck Scott, 2010-07-01 Part of the American Literatures Initiative Series 2011 Winner of the Alan Bray Memorial Book Award presented by the Modern Language Association Challenging the conception of empowerment associated with the Black Power Movement and its political and intellectual legacies in the present Darieck Scott contends that power can be found not only in martial resistance but surprisingly where the black body has been inflicted with harm or humiliation Theorizing the relation between blackness and abjection by foregrounding often neglected depictions of the sexual exploitation and humiliation of men in works by James Weldon Johnson Toni Morrison Amiri Baraka and Samuel R Delany *Extravagant Abjection* asks If we're racialized through domination and abjection what is the political personal and psychological potential in racialization through abjection Using the figure of male rape as a lens through which to examine this question Scott argues that blackness in relation to abjection endows its inheritors with a form of counter intuitive power indeed what can be thought of as a revised notion of black power This power is found at the point at which ego identity body race and nation seem to reveal themselves as utterly penetrated and compromised without defensible boundary Yet in *Extravagant Abjection* power assumes an unexpected and paradoxical form In arguing that blackness endows its inheritors with a surprising form of counter intuitive power as a resource for the political present found at the very point of violation *Extravagant Abjection* enriches our understanding of the construction of black male identity
