Der Andere Austin:

Der andere Austin Eckard Rolf, 2015-07-15 John L Austin der Hauptvertreter der Ordinary Language Philosophy und Begründer der Sprechaktheorie hatte die von ihm eingeführte dann aber verworfene Unterscheidung zwischen performativen und konstativen Äußerungen nach Meinung bestimmter Kritiker beibehalten sollen Autorinnen und Autoren wie Jacques Derrida Shoshana Felman Judith Butler Geoffrey Warnock François Recanatì oder Stanley Cavell halten an dem Konzept der Performativität fest Sie verteidigen Austin gegen seine eigenen Revisionen Diese Verteidigungen des anderen Austin haben zu wesentlichen Vertiefungen seiner Einsichten geführt Das Buch zeigt Wie Performative funktionieren wie man erst jetzt

The Legacy of John Austin's Jurisprudence Michael Freeman, Patricia Mindus, 2012-09-14 This is the first ever collected volume on John Austin whose role in the founding of analytical jurisprudence is unquestionable After 150 years time has come to assess his legacy The book fills a void in existing literature by letting top scholars with diverse outlooks flesh out and discuss Austin's legacy today A nuanced vibrant and richly diverse picture of both his legal and ethical theories emerges making a case for a renewal of interest in his work The book applies multiple perspectives reflecting Austin's various interests stretching from moral theory to theory of law and state from Roman Law to Constitutional Law and it offers a comparative outlook on Austin and his legacy in the light of the contemporary debate and major movements within legal theory It sheds new light on some central issues of practical reasoning the relation between law and morals the nature of legal systems the function of effectiveness the value free character of legal theory the connection between normative and factual inquiries in the law the role of power the character of obedience and the notion of duty **Wendezeichen?**
