Descartes Dissimulation Et Ironie:

Descartes : Dissimulation et ironie Fernand Hallyn, 2006 Il y a peu de gens qui osent dire ce qu'ils croient lit-on dans le Discours de la méthode Ren Descartes fait sienne la constatation lorsqu'il évoque toujours dans le Discours certaines de ses ruses pour des personnes qui je dirais et dont l'autorité ne peut guère moins sur mes actions que ma propre raison sur mes pensées Autrement dit je suis le maître de ma pensée ma raison est la seule autorité qui la gouverne mais l'action en l'occurrence le langage qui communique ma pensée ne jouit pas de la même liberté A des idées videntes claires et distinctes ne correspond donc pas nécessairement un discours transparent Inversement un discours n'est jamais ce point transparent qu'il ne puisse comporter dans les plis et les replis du texte une autre configuration de la vérité moins claire et vidente qu'il n'y paraît non acceptée et non souhaitée celle précisément qu'on désire primer Tel est le point de départ de l'essai que Fernand Hallyn consacre ce que Descartes dissimule aux autres et parfois lui-même *Descartes's Fictions* Emma Gilby, 2019-03-15

Descartes's Fictions traces common movements in early modern philosophy and literary method Emma Gilby reassesses the significance of Descartes's writing by bringing his philosophical output into contact with the literary treatises exempla and debates of his age She argues that humanist theorizing about poetics represents a vital intellectual context for Descartes's work She offers readings of the controversies to which this poetic theory gives rise with particular reference to the genre of tragicomedy questions of verisimilitude or plausibility and the figures of Guez de Balzac and Pierre Corneille Drawing on what Descartes says about and to his many contemporaries and correspondents embedded in the early modern republic of letters this volume shows that poetics provides a repository of themes and images to which he returns repeatedly fortune method error providence passion and imagination for instance Like the poets and theorists of his age Descartes is also drawn to the forms of attention that people may bring to his work This interest finds expression in the mature Cartesian metaphysics of the *Meditations* as well as later in the moral philosophy of his correspondence with Elisabeth of Bohemia or the *Passions of the Soul* This volume thus bridges the gap between Cartesian criticism and late humanist literary culture in France **Encyclopedia of Early Modern Philosophy and the Sciences** Dana Jalobeanu, Charles T. Dissimulation and the Culture of Secrecy in Early Modern Europe Jon R. Les voyageurs du doute Stéphane Van Damme, 2023-02-15 Des conqu tes d Alexandre le Grand qui suscitent l closion du pyrrhonisme sur les rives du Gange la critique des ravages de la colonisation point s par Montaigne lors de la Renaissance les

savoirs sceptiques ont souvent mergé dans des moments d'expansion impériale. Parti sur les traces des savants voyageurs de l'époque moderne de François Bernier au marquis de Sade, Stéphane Van Damme livre une histoire globale du scepticisme à l'heure de la construction de la France. Monde, Géographie, astronomie, médecine, cartographie, chimie, géologie, botanique ou encore archéologie, tout est bon aux libertins pour critiquer cette nouvelle globalisation française mise en œuvre par la monarchie absolutiste. Mais ils promeuvent aussi par là une autre vision du monde opposant aux logiques de la domination et de l'appropriation les promesses de la rencontre. Porteurs d'une contestation scientifique inédite de l'universalisme occidental, ces voyageurs du doute laborent le premier altermondialisme. Stéphane Van Damme est professeur au département d'histoire de l'école normale supérieure Paris. Ses recherches portent sur les sciences modernes et la culture européenne du XVII^e au XIX^e siècle. Il a publié en 2020 aux Presses du Réel *Seconde Nature*. Remat, réaliser les sciences entre Bacon et Tocqueville.

Qu'on tente de l'effacer ou de la dissimuler derrière une évidence fictive ou au contraire qu'on la mette en scène ostensiblement, des fins stratégiques la politique est au cœur de toute entreprise oratoire. Elle prescrit ses règles et ses armes, impose ses conditions, son terrain d'action ou de réaction, un mot de trop, un tour mal pesé et tout le projet rhétorique se trouve mis en échec. Faute d'une entente préalable sur les enjeux et les fins du combat, l'horizon possible, l'actualité, la ressource circonstancielle, la politique reste disponible, la croisade des genres pour coordonner et ritualiser le changement, des coups autant que le degré de leur violence. Négliger sa pertinence, son importance topique, n'a jamais pour effet que de masquer ou de recuser le principe selon lequel l'origine et aux fondements de tout discours résident une cause, gagner, un contradicteur, vaincre des arguments, contester et en fin de compte, un auditeur, persuader de la supériorité d'une vision du monde inscrite dans une hiérarchie des valeurs et des préférences. Provocation, incitation, la réponse, une telle parole invite la surenchère, la contre-attaque, la pointe, la recherche de l'argument imparable, cette munition discursive qui viendrait enfermer dans ses formes la bataille des mots et clore le rapport de force entre des protagonistes plus ou moins bien qualifiés pour soutenir cette situation incertaine sans vaciller. L'ouvrage qu'on va lire se propose entre réflexions théoriques et études de cas d'analyser le phénomène politique en diachronie, frontiers, usages grammaticaux afin de repenser sa définition et ses relations profondes, la persuasion, donc, la rhétorique.
