

Description of My Best Friend

5 pages | 1122 words

Azeneth has been my best friend for the last 6 years. I know her since I entered high school and since that day we have become the most inseparable friends in the world. I have much affection to her because we have lived many things together, through thick and thin, she always has been there for me when I needed her. I remember the day I met her, it was the first day of high school and I was very nervous because I did not know anybody from there. I remember that day like it had been yesterday. It was 6:40 in the morning so the sky was dark like it was still nighttime, it was raining and there was too much traffic on the street. Adding that it felt an incredible heat between the crowd of people that was there because of the humid weather. Sounds pretty bad for a first day of school right? I was looking for my classroom and I remember the school hallways were so narrow that it was very difficult for me to pass between people, the floor was so slippery that it seemed like I was trying to walk on a skating rink. That's when I met her, she was like me, hopelessly misplaced and desperately reading the long lists were they had the names of the students, which were almost falling off the wall where they were stuck because of the moisture that it felt that day. That was when we first spoke and discovered we were in the same classroom. I felt better because I had someone to be with as I came to know the other girls and make friends. I never thought that she would be the one to become my best friend. They say the friendships made in high school are the ones that last forever and I think this is a very true quote. We have been friends since that time and even though we now attend to different schools, we still talk everyday and we hang out almost every weekend. Azeneth is a very attractive girl, she is very short but I think that's what makes her look cute. She is normally thin and her skin is pearly. Her long and wavy hair was originally black, but she recently dyed it blonde and I think it looks very nice as well. Her face has a kind of Asian look but she is a hundred percent Mexican. Her eyes are very little but she has these very big lips that make you forget about the size of her eyes. She also has a great sense of fashion, I really like the style she uses at dressing, in a regular day you can see her using a pair of jeans and a cool t-shirt with some flat shoes, rocking the careless look. But we go out to clubs or parties, she dresses really nice. I love the type of dresses she uses. They are always colorful and with these really cool designs. She buys the majority of her clothing on the Internet so that's why she has some...
