Conflicts In The Middle East Since 1945

Douglas Little

Conflicts In The Middle East Since 1945:

Conflicts in the Middle East Since 1945 Peter Hinchcliffe, Beverley Milton-Edwards, 2003-09-02 First published in 2001 Routledge is an imprint of Taylor Francis an informa company **Warfare in the Middle East since 1945** Ahron Bregman, 2017-05-15 From the end of the Second World War and throughout the era that came to be known as the Cold War the Middle East was a battleground for Great Power rivalries and constant wars These were fought between Israelis and Arabs Arabs and Iranians Arabs and Arabs and also between regional players and outside powers the region was also the scene of several intense civil wars and insurgencies The essays gathered in this volume focus on some of the most important facets of these Middle Eastern conflicts Following a general introduction the essays are then organised under three major sections The first focuses on the Arab Israeli conflict the second on the Gulf Wars and the third section concentrates on insurgencies Together these essays all of which were written by leading experts will provide the reader with a good introduction to warfare in the modern Middle East and show how conflict has shaped the region *Crisis and Crossfire* Peter L. Hahn, 2025-04-20 Crisis and Crossfire traces the origins of the contemporary challenges facing the United States in the Middle East by analyzing the broad contours of U S policy in the region since the government's first involvement there in the 1940s Peter L Hahn evaluates U S policy in the context of such global phenomena as the Cold War and the multipolar international order that emerged in the early 2000s He explains how the United States has tried with varying degrees of success to curtail modify and channel Arab and Iranian nationalist movements to serve U S interests Crisis and Crossfire examines the U S approach to the Arab Israeli conflict through eight decades exploring the interstate wars of the 1940s 1980s the quests to make peace in the 1970s 2010s and the enduring strife between Israel and Palestine Hahn details how the United States has assumed growing responsibility for regional stability and security in the Middle East since World War II culminating in involvement in the Gulf War to liberate Kuwait and the invasions and occupations of Afghanistan and Iraq This second edition provides an objective explanation of the Israeli Palestinian Gaza War the U S stand off with Iran the proxy wars in Lebanon Yemen Libya and Syria the threat of terrorism and related topics **The Middle East Conflicts** John Pimlott, 1983 A survey of conflicts in the troubled Middle East details major events from the Jewish guerrilla warfare of the 1940s to the recent Israeli invasion of Lebanon [Routledge Handbook of the Global History of Warfare](#) Kaushik Roy, Michael W. Charney, 2024-01-23 This handbook examines key aspects of the development of the global history of warfare and the changing patterns of warfare over time Although scholarship has long eschewed a chronological narrative of the evolution of warfare that privileges the Western experience global histories of warfare have had difficulty avoiding an overemphasis on the West The present volume is a collection of themes rather than a history per se it provides important perspectives on the emergence of warfare as a global historical experience from the ancient past to the present day Drawing together numerous experts it tells a broader more inclusive story of the global human experience with wars and warfare The

35 chapters are organised in eight thematic parts Part I Origins of Warfare Part II Politics and Armed Forces in the Pre Modern Era Part III Steppe Nomads of Eurasia Part IV Naval Warfare and Piracy in the Pre Industrial World Part V The Impact of Gunpowder Part VI Transition from Industrial to Total War Part VII Wars of Decolonisation and Cold War Part VIII Postmodern New Wars These Parts offer an overview of the global experience of warfare to help readers understand how the wars and the militaries we see today have been shaped by historical developments across the globe This handbook will be of great interest to students of military history naval history strategic studies and world history in general

The Middle East Since 1945 Joseph Vasko,198? **The Middle East Today** Dona J. Stewart,2008-12-22 The new edition of The Middle East Today provides an accessible and comprehensive introductory textbook for undergraduate students of Middle East Studies Middle East politics and geography This updated and revised edition features a host of pedagogical features to assist students with their learning including detailed maps and images case studies on key issues boxed sections and suggestions for further reading The book highlights the current issues facing the Middle East linking them to the rich political geographical and cultural history of the region The author examines the crises and conflicts both current and potential likely to dominate the region in coming years The second edition has been fully updated and revised to include discussion of such recent events as the effects of the Arab Spring Turkey s growing influence in the region the dramatic increase in Iran s nuclear capabilities Osama bin Laden s death and declining support for violent extremist movements in the Middle East Further supplemented by a companion website containing sample chapters a selection of maps formatted for use in presentations and annotated links to online resources and websites The Middle East Today is an essential resource for all students of Middle East Studies Middle East politics and geography

History of American Foreign Policy, Volume 2 Jerald A Combs,2017-07-28 First Published in 2017 Now thoroughly updated this respected text provides a clear concise and affordable narrative and analytical history of American foreign policy from the revolutionary period to the present This is Volume II and is from 1895 The historiographical essays at the end of each chapter have been revised to reflect the most recent scholarship The History of American Foreign Policy chronicles events and policies with emphasis on the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves

The Routledge Handbook of the Cold War Artemy M. Kalinovsky,Craig Daigle,2014-06-05 This new Handbook offers a wide ranging overview of current scholarship on the Cold War with essays from many leading scholars The field of Cold War history has consistently been one of the most vibrant in the field of international studies Recent scholarship has added to our understanding of familiar Cold War events such as the Korean War the Cuban Missile Crisis and superpower d tente and shed new light on the importance of ideology race modernization and transnational movements The Routledge Handbook of the Cold War draws on the wealth of new Cold War scholarship bringing together essays on a diverse range of topics such as geopolitics military power and

technology and strategy The chapters also address the importance of non state actors such as scientists human rights activists and the Catholic Church and examine the importance of development foreign aid and overseas assistance The volume is organised into nine parts Part I The Early Cold War Part II Cracks in the Bloc Part III Decolonization Imperialism and its Consequences Part IV The Cold War in the Third World Part V The Era of Detente Part VI Human Rights and Non State Actors Part VII Nuclear Weapons Technology and Intelligence Part VIII Psychological Warfare Propaganda and Cold War Culture Part IX The End of the Cold War This new Handbook will be of great interest to all students of Cold War history international history foreign policy security studies and IR in general

Insight Turkey 2018 - Winter 2018 (Vol. 20, No.1) , Today the world system is in a transition and experiencing a deep international crisis The U S has begun to oppose the basic international institutions such as the United Nations and its subsidiary organs and specialized agencies even though most of these were established with American motivation The hegemon state the U S has been alienating most of its partners and even allies The U S governments have begun to focus on the national setting and to underestimate the international one to favor unilateral policies over multilateral ones The presidency of Donald Trump has expedited this process American rejection of providing global public goods such as international security and free trade has led to a systemic crisis The relative decline of American power coincides with the persistent rise of China Those who claim that the days of Pax Americana are numbered assert that the rise of China will determine the future of the world system China has begun to expand its influence worldwide For this purpose it has established alternative political and economic international institutions such as the Shanghai Cooperation Organization SCO and the Asian Infrastructure Investment Bank AIIB Furthermore China leads the establishment of some other international organizations as well BRICS is only one of these formations challenging the political hegemony of the West led by the U S One of the most promising Chinese projects is the One Belt One Road OBOR Project aspiring to connect the East China to the West the world markets It is expected that on its completion the OBOR Project will take China to the center of the world economy and politics China has been the fastest growing economy in the world for the last thirty years Its share of the world trade has increased dramatically recording the highest share in world exports for several years China has been enjoying economic transactions with all major international actors with more than 200 partners in exports and imports However in terms of per capita income China still lags behind the advanced Western countries Furthermore according to the calculations made by the World Bank and IMF Chinese per capita income is still lower than the world average China recently began to invest in the political and military sphere in the non Western world It has military bases in its near abroad and in the African continent That is Chinese economic influence and technological leadership is supported by its political and military power In spite of the increase in Chinese military and political might it is careful not to challenge the U S and the West There are several reasons for this policy First of all China is aware of its vulnerabilities It suffers some economic and political inconsistencies and weaknesses For instance it has to

fortify its regional dominance first in the South China Sea and achieve its longtime one China policy as a precondition for a possible global hegemony Second China wants to win the global rivalry without resorting to war with the current hegemon Therefore Chinese leaders refrain from opposing the American hegemony politically Even though it has introduced some international institutions the Chinese leadership does not propose a political and diplomatic alternative to the West It will take time for China to offer a full scale global leadership alternative to the world since the global hegemony requires not only economic and military power but also values and norms for cultural hegemony Lastly China is not ready to take the global responsibility since it brings high costs As long as the current American hegemony works in favor of China there is no need for China to change the course of its development In the light of these developments this issue of Insight Turkey focuses on some of the most important topics related to China s persistent rise in the international system More specifically this issue postulates on how to read and understand China s policies towards global powers i e the U S and Russia and regional powers i e India and Turkey Africa has once again returned to the attention of the global powers after being left for many years in the shadow of western politics In recent years Africa has become the center of China s public economic and military diplomacy As it may be expected China s investments in Africa are not totally welcomed by the U S Earl Conteh Morgan in his commentary focuses on the strategic rivalry between China and the U S in Africa Conteh Morgan argues that their rivalry has progressed from mild to intense with both powers increasing their activities on the continent and decreasing Africa s erstwhile marginalization Another rivalry that shapes China s foreign policies in the region is that with India Especially since the Doklam Plateau incident in mid 2017 the expectation of a possible tension between the two regional powers is ever present Taking this into consideration Bruno Ma es in his commentary ponders the economic and strategic rivalry between China and India along with a number of dimensions infrastructure border disputes sea power and trade

Access to History: Crisis in the Middle East: Israel and the Arab States 1945-2007 Michael Scott-Baumann, 2009-04-24 This book is a brand new title in the Access to History series which explores and analyses the history of conflict in the Middle East from British rule in the early twentieth century to the Iraq war in the twenty first century The Arab Israeli conflict is the main focus of this book but it also examines Arab nationalism especially in Egypt and Syria the Islamic revolution in Iran in 1979 the causes and consequences of three wars involving Iraq the growth of political Islam and Islamic fundamentalism in the Middle East Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips written by examiners provide the opportunity to develop exam skills

The Arab-Israeli Conflict T. G. Fraser, 2004 Since 1945 the struggle between Arab and Jew over the same piece of land has been one of the world s most entrenched and bloody conflicts repeatedly defying attempts at a resolution The second edition of this successful textbook sets out the basic arguments on each side and traces their evolution T G Fraser examines the origins and consequences of

the Arab Israeli wars of 1948 9 1956 1967 1973 and 1982 as well as the two Intifadas There is particular focus on the various peace plans including the Camp David Accords the Reagan Plan the Oslo process Clinton s diplomacy and the American Roadmap and a new chapter takes the story from 1994 to the present day MARKET 1 Undergraduate students of History Middle East Studies or Politics who are taking modules on Middle East History or Middle East Politics MARKET 2 Postgraduate students of Middle Eastern Arab History or Politics scholars and teachers of Middle East History Politics library sale

Guide to U.S. Foreign Policy Robert J. McMahon, Thomas W. Zeiler, 2012-08-02 At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is today Both the history of U S diplomatic relations and the current U S foreign policy in the twenty first century are major topics of study and interest across the nation and around the world Spanning the entire history of American diplomacy from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty first century Guide to U S Foreign Policy traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends This comprehensive two volume reference shows how the United States gained the strength of a giant and also analyzes key world events that have determined the United States changing relations with other nations The two volumes structure makes the key concepts and issues accessible to researchers The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day Volume II s appendix showcases an A to Z handbook of diplomatic terms and concepts organizations events and issues in American foreign policy The appendix also includes a master bibliography and a list of presidents secretaries of state war and defense and national security advisers and their terms of service This unique reference highlights the changes in U S diplomatic policy as government administrations and world events influenced national decisions Topics include imperialism economic diplomacy environmental diplomacy foreign aid wartime negotiations presidential influence NATO and its role in the twenty first century and the response to terrorism Additional featured topics include the influence of the American two party system the impact of U S elections and the role of the United States in international organizations Guide to U S Foreign Policy is the first comprehensive reference work in this field that is both historical and thematic This work is of immense value for researchers students and others studying foreign policy international relations and U S history ABOUT THE EDITORS Robert J McMahon is the Ralph D Mershon Professor of History in the Mershon Center for International Security Studies at The Ohio State University He is a leading historian of American diplomatic history and is author of several books on U S foreign relations Thomas W Zeiler is professor of history and international affairs at the University of Colorado at Boulder and is the executive editor of the journal Diplomatic History

The Middle East Auriana Ojeda, 2003 Authors offer various perspectives on Islam its role in the Middle East and how conflict in the Middle East affects the rest of the world **American Orientalism** Douglas Little, 2009-09-15 Douglas Little

explores the stormy American relationship with the Middle East from World War II through the war in Iraq focusing particularly on the complex and often inconsistent attitudes and interests that helped put the United States on a collision course with radical Islam early in the new millennium After documenting the persistence of orientalist stereotypes in American popular culture Little examines oil Israel and other aspects of U S policy He concludes that a peculiar blend of arrogance and ignorance has led American officials to overestimate their ability to shape events in the Middle East from 1945 through the present day and that it has been a driving force behind the Iraq war For this updated third edition Little covers events through 2007 including a new chapter on the Bush Doctrine demonstrating that in many important ways George W Bush s Middle Eastern policies mark a sharp break with the past

Atlas of World History Patrick Karl O'Brien, Patrick O'Brien, 2002 Synthesizing exceptional cartography and impeccable scholarship this edition traces 12 000 years of history with 450 maps and over 200 000 words of text 200 illustrations

Journal of Palestine Studies, 2004 A quarterly on Palestinian affairs and the Arab Israeli conflict

Caught in the Middle East Peter L. Hahn, 2005-12-15 American postwar efforts to ameliorate Arab Israeli relations entangled the United States in the Arab Israeli conflict in complex ways Peter L Hahn explores the diplomatic and cultural factors that influenced the policies of Presidents Truman and Eisenhower as they faced the escalation of one of the modern world s most intractable disputes Truman tended to make decisions in an ad hoc reactive fashion Eisenhower in contrast had a more proactive approach to the regional conflict but strategic and domestic political factors prevented him from dramatically revising the basic tenets Truman had established American officials desired in principle to promote Arab Israeli peace in order to stabilize the region Yet Hahn shows how that desire for peace was not always an American priority as U S leaders consistently gave more weight to their determination to contain the Soviet Union than to their desire to make peace between Israel and its neighbors During these critical years the United States began to supplant Britain as the dominant Western power in the Middle East and U S leaders found themselves in two notable predicaments They were unable to relinquish the responsibilities they had accepted with their new power even as those responsibilities became increasingly difficult to fulfill And they were caught in the middle of the Arab Israeli conflict unable to resolve a dispute that would continue to generate instability for years to come

A Survey of Arab-Israeli Relations Cathy Hartley, Paul Cossali, 2006 The new third edition of this highly regarded title provides a comprehensive guide to this complex region

World History in Brief Peter N. Stearns, 2007 With its brief global rather than West centered approach World History in Brief Sixth Edition seeks to show how different civilizations developed in a global context Rather than overwhelm students the chief goal of World History in Brief is to present the big picture to facilitate comparison and assessment of change and to highlight the major developments in the world s history This text also emphasizes the global interactions of major civilizations so that students can compare and assess changes in the patterns of interaction and the impact of global forces such as migration and technology exchange The compact size of this text gives instructors the opportunity to take

advantage of additional supplementary readings
