Dewalt Service Net:

The Business Model Workbook Alexander Chernev, An offering s business model delineates the ways in which a company creates value in a particular market The ultimate goal of the business model is to design an offering that will create superior value for target customers in a way that benefits the company and its collaborators This note illustrates the key aspects of the process of generating a business model This note is an excerpt Appendix B from Strategic Marketing Management Theory and Practice by Alexander Chernev Cerebellum Press 2019

Marketing Management: Theory and Practice, 2nd Edition Alexander Chernev, 2025-09-15 Marketing Management Theory and Practice provides a systematic overview of the fundamentals of marketing theory defines the core principles of marketing management and presents a value based framework for developing viable market offerings This theory is grounded in the view of marketing as a value creation process essential to any business enterprise The discussion of marketing theory is complemented by practical tools that help managers apply the generalized frameworks to address specific business challenges and capture market opportunities The marketing theory outlined in this book applies to a broad range of companies startups and established enterprises consumer packaged goods companies and business to business firms high tech and low tech ventures online and brick and mortar businesses product manufacturers and value added service providers as well as nonprofit and profit driven organizations This book combines theoretical rigor with practical relevance to strengthen the marketing skills of a wide spectrum of business professionals from those creating new market offerings to those enhancing existing ones from entrepreneurs launching new ventures to managers in established corporations and from product managers to senior executives
