Dare to Be a Daniel Amos Olutola Fadiran,2021-07-07 An awakening call to all Christians to prove the omnipotence of our God to the world as we manifest excellent wisdom provide solutions to teething national and international problems and carry out spectacular exploits that would compel unbelievers to fear God acknowledge His sovereignty bow down to worship His majesty and come to the realization that the Most High God rules in the kingdom and affairs of men This is the challenge that the life and ministry of Daniel pose to Christians today Imagine a scenario where the king of the most powerful and dreadful nation of that time fell down prostrate before the young captive Daniel The king literally idolized him ordered that an offering of incense be made to Daniel and exclaimed reverently Truly your God is the God of gods the Lord of kings and the Revealer of Secrets All these happened because to the utter dismay of king Nebuchadnezzar Daniel through prayer and God s gifts revealed and interpreted the king s untold dream By this feat Daniel and his friends were greatly promoted while God s name was highly glorified and honoured God made them to excel far above their colleagues This book further makes us to appreciate that with an adequate knowledge of our God a readiness to please Him by keeping ourselves pure a rugged faith and an unwavering loyalty to Him there is no limit to which God can use our lives and ministries to prove His majesty just as He did through Daniel and his companions By manifesting these traits the burning furnace was turned to an air conditioner and the mouths of dreadful lions were locked This book encourages Christians from all walks of life to prayerfully demonstrate these traits as Daniel did so that we can impact the world around us positively for God This book is an expository on how Christians can receive divine guidance regularly and specifically as it carefully unveils the requisite processes e g through God s Word by Spirit filled Counsellors and overwhelmingly by the Holy Spirit The author shares his own practical experiences in these regards It reveals how parents can develop intimacy with their children that would enhance winning them for Christ and help them to fulfil destiny This is an inevitable book for all who desire excellence in life and ministry as it systematically details the divine steps for the attainment and maintenance of excellence in these respects

The book should be a hot cake for genuine result oriented intercessors as it uses Daniel's life to expound on how to become an excellent intercessor. Through rugged faith in God coupled with unrelenting prayers a Christian can always emerge victorious over fierce trials and enemy gang ups to bring glory to God's Name. This book can be rightly described as a handbook for Christian youths as well as an important guidebook for all Christians. Through the help of the Holy Spirit it offers in depth details on how Christian youths can positively use their energy without manifesting youthful exuberance, conduct themselves wisely in the fear of God, do exercises towards righteousness, be on fire for the Lord and yet be humble and obedient. It shows how they can choose godly companions, become responsible and respectable in the community and in the Church, soar into prominence and fulfill their God ordained destinies in life. A reviewer described it as a book that is conceived from the womb of the Holy Spirit, timely, apt and heart warming. Another reviewer referred to it as an exquisite treasure, a compendium of sorts, from being a Bible study material, a book replete with life cum personal experiences, a prayer manual and a visibly recognized Holy Spirit inspired Ministry Instruction Manual. The prayer box at the end of each chapter provides a set of prayers which if thoroughly applied would surely transform the reader into a Daniel in his or her operational base, be it at home, school, work place, church or the society at large.

A New Paradigm of Pentecostal Power Asonzeh F. K. Ukah, 2008. Ukah describes with great historical and sociological incisiveness one of the prime movers of this transformation, the Redeemed Christian Church of God (RCCG) which has more than 10 000 congregations in more than 80 countries around the world.

Excellence, 2005. New Religions and Globalization Armin Geertz, Margit Warburg, 2008-08-01. Globalization is a predominant theme in contemporary educational and political circles. Research on globalization has become a political priority because the world has become a single place as Roland Robertson formulated it where events in any particular part of the world can and often do have political, economical and military consequences for the rest of the world. Discourse on globalization however has generally ignored the cultural consequences. Recent waves of violence that seem to be religiously fueled if not motivated among immigrants and refugees in Europe and their home regions in the Middle East have demonstrated that we can only ignore culture, values and religion at our own peril. Globalization and new religions is the theme of this book. It is argued here that studying new religions in a globalization perspective offers theoretical and methodological advantages both for the general study of religion and the general study of globalization. Religions are often cosmopolitan and universal in their overall message yet they may at the same time be utterly immersed in local interactions. This is often clearly expressed among minority religions. The contrast of the local and the global is accentuated by globalization and in particular many new religions have followed suit. This book draws together a selection of top quality papers given at a conference held in Aarhus in 2002 under the auspices of the Research Network on New Religions (RENNER). The papers which have been edited and updated represent the work of leading scholars in the history of religions, sociology of religion, psychology of religion and other disciplines. They address questions that are vital for everyone.
