Sciences of the Earth: A-G Gregory Good, 1998 First published in 1998 Routledge is an imprint of Taylor Francis an informa company

Sciences of the Earth Gregory A. Good, 2019-10-18 The planet as seen by its inhabitants In two millenia our knowledge of the planet and its natural laws and forces has undergone remarkable changes from the religious belief of earth as the center of the universe to the modern astronomers view that it is a mere speck in the cosmos Now a first of its kind reference work charts this remarkable intellectual progression in our evolving perception of the earth by surveying the history of geology geography geophysics oceanography meteorology space science and many other fields Covers human understanding of the Earth in various times and cultures The Encyclopedia traces our understanding of the earth and its functioning throughout history summarizing historical explanations of earthly occurrences including explanations with no scientific basis It presents the latest facts and theories explains how our understanding of the earth has evolved and shows why many outrageous and fanciful earlier ideas were accepted in their time The coverage explores the physical phenomena that inform our knowledge starting at the earth's core and extending outward through the mantle crust oceans and atmosphere to the magnetosphere and beyond Charts the evolution of our perceptions The primary focus of the Encyclopedia is the history of the study of the earth It also discusses the institutions that advanced and shaped science and probes the interplay between science practical applications and social and political forces The result is a unified historical overview of the earth across a wide canvas of time and place from antiquity to the space age Its wide ranging articles summarize subjects as diverse as geography and imperialism environmentalism computers and meteorology ozone formation theories since 1800 scientific rocketry the Scopes trial and much more

SpecialFeatures Shows how diverse disciplines from geology to space science fit together in a coherent view of the earth Explains earlier ideas and theories in the context of the beliefs and scientific knowledge of their time Spotlights important institutions that have shaped the history of science Explores relationships between science practical applications and sociopolitical concerns Provides a subject index and an index of scientists with birth death dates *Pearson Etext Earth Access Card* Edward Tarbuck, Frederick Lutgens, Scott Linneman, Dennis Tasa, 2019-04-23 Bringing Earth to life Earth An Introduction to Physical Geology 13th Edition is a leading text in the field characterized by no nonsense student friendly writing excellent illustrations and a modular learning path driven by learning objectives The new edition is the first to integrate 3D technology that brings geology to life This edition features significant content updates a new Geology in the News feature to promote student engagement and a new Data Analysis feature to help develop students critical thinking skills For all introductory physical geology courses Pearson eText is a simple to use mobile optimized personalized reading experience It lets students highlight take notes and review key vocabulary all in one place even when offline Seamlessly integrated videos and other rich media engage students and give them access to the help they need when they need it Educators can easily customize the table of contents schedule readings and share their own notes with students so they see the connection between their eText and what they learn in class motivating them to keep reading and keep learning And reading analytics offer insight into how students use the eText helping educators tailor their instruction NOTE This ISBN is for the Pearson eText access card For students purchasing this product from an online retailer Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor In addition to your purchase you will need a course invite link provided by your instructor to register for and use Pearson eText
