Piraino, 2021-02-27 Similarities between esoteric and mystical currents in different religious traditions have long interested scholars This book takes a new look at the relationship between such currents It advances a discussion that started with the search for religious essences archetypes and universals from William James to Eranos The universal categories that resulted from that search were later criticized as essentialist constructions and questioned by deconstructionists An alternative explanation was advanced by diffusionists that there were transfers between different traditions This book presents empirical case studies of such constructions and of transfers between Judaism Christianity and Islam in the premodern period and Judaism Christianity and Western esotericism in the modern period It shows that there were indeed transfers that can be clearly documented and that there were also indeed constructions often very imaginative It also shows that there were many cases that were neither transfers nor constructions but a mixture of the two **Making Magic in Elizabethan England**

Rewriting Magic Claire Fanger, 2015-06-18 In Rewriting Magic Claire Fanger explores a fourteenth century text called The Flowers of Heavenly Teaching Written by a Benedictine monk named John of Morigny the work all but disappeared from the historical record and it is only now coming to light again in multiple versions and copies While John's book largely comprises an extended set of prayers for gaining knowledge The Flowers of Heavenly Teaching is unusual among prayer books of its time because it includes a visionary autobiography with intimate information about the book's inspiration and composition Through the window of this record we witness how John reconstructs and reconsecrates a condemned liturgy for knowledge acquisition the ars notoria of Solomon John's work was the subject of intense criticism and public scandal and his

book was burned as heretical in 1323 The trauma of these experiences left its imprint on the book but in unexpected and sometimes baffling ways Fanger decodes this imprint even as she relays the narrative of how she learned to understand it In engaging prose she explores the twin processes of knowledge acquisition in John s visionary autobiography and her own work of discovery as she reconstructed the background to his extraordinary book Fanger s approach to her subject exemplifies innovative historical inquiry research and methodology Part theology part historical anthropology part biblio-memoir *Rewriting Magic* relates a story that will have deep implications for the study of medieval life monasticism prayer magic and religion *Magic, Ritual, and Witchcraft*, 2006 *Magic in Medieval Romance* Michelle Sweeney, 2000 This book examines the roles of magic in medieval romance Magic s crucial function in the romances may be established by studying the diverse works of Chr tien de Troyes the *Lais* of Marie de France the romances of Sir Tristrem Syr Launfal Ywain Gawain and Chaucer s *The Franklin s Tale* Romance authors used magical trials to explore a character moral status and position on issues important to the community such as when to maintain loyalty to a king or to a lover Romance authors were able to encourage the exploration of human motivation by using magic to create or expose a character morally ambiguous situation This technique enabled a broader discussion of social issues than would have been allowed in situations constrained by the boundaries of Christian dogmatism In order to understand the function of magic in medieval romance it is necessary to appreciate its function in the medieval world Magic is coupled to some of the most important works of the medieval age such as the theological texts of Augustine and Aquinas the histories of Geoffrey of Monmouth and Wace as well playing a significant role in medicine and the nascent studies of science Romance writers capitalised upon the associations between magic and these fields of study to create a more serious framework for their texts The romances could then operate beyond the level of simple entertainment and provide the interested audience with social commentary moral analysis and material for thought on a wide variety of issues *Invoking Angels* Claire Fanger, 2012 A collection of essays examining medieval and early modern texts aimed at performing magic or receiving illumination via the mediation of angels Includes discussion of Jewish Christian and Muslim texts *Invoking Angels* Claire Fanger, 2012-02-01 A collection of essays examining medieval and early modern texts aimed at performing magic or receiving illumination via the mediation of angels Includes discussion of Jewish Christian and Muslim texts Provided by publisher *Studies and Texts - Pontifical Institute of Mediaeval Studies*, 1955 ***Prayer, Magic, and the Stars in the Ancient and Late Antique World*** Scott B. Noegel, Joel Thomas Walker, Brannon M. Wheeler, 2003 Explores how people living in the ancient and late antique world sought to gain access to or in some cases to escape from the divine powers of heaven and earth *Rituals, Images, and Words* Francis William Kent, Charles Zika, 2005 The focus of this collection is on processes of cultural communication in late medieval early modern European society and the part which these resources play in shaping community and fashioning self and group identity *The Unorthodox Imagination in Late Medieval Britain* Sophie Page, 2010 The unorthodox imagination in late medieval

Britain explores how medieval people responded to images stories beliefs and practices which were at odds with the normative world view from the heretical and subversive to the marvellous and exotic The Neale lecture by Jean Claude Schmitt examines why some unorthodox images were viewed as provocative and threatening and explores how successfully ecclesiastical authorities contained their impact The power of unorthodoxy to provoke wonder skepticism or disapproval provides an opportunity to view medieval culture from fresh perspectives The essays in this volume show that unorthodoxy was embedded in mainstream medieval culture from stories of fairies and witches which promoted orthodox moral values to the social conformity of practitioners of ritual magic This book provides a guide to understanding medieval unorthodoxy and the roles played by experience and imagination in medieval encounters with the unorthodox It will be essential reading for anyone interested in the exotic provocative and deviant in medieval culture
