needs of insecure governing elites and its empirical validity is tested against the experience of regional organizations in Africa Asia and the Americas The second part of the book provides an in depth examination of how Southeast Asian governments shared security needs and interests shaped the emergence of the identified regional cooperation pattern and its evolution over 50 years of cooperation within the Association of Southeast Asian Nations ASEAN Overall this book is a call to international relations scholars to do our part in understanding non Western experiences and making a substantive contribution to addressing humanity s most intractable security threats *Development Co-operation Report 2006 Efforts and Policies of the Members of the Development Assistance Committee* OECD,2007-04-02 The annual OECD Development Assistance Committee DAC Development Co operation Report is the key reference document for statistics and analysis on the latest trends in international aid **OECD Investment Policy Reviews** Organization for Economic Cooperation and Development,2017 This review which was prepared in response to Kazakhstan s 2012 request to adhere to the Declaration on International Investment and Multinational Enterprises OECD Declaration analyses the general framework for investment as well as most recent reforms and shows where further efforts are necessary It assesses Kazakhstan s ability to comply with the principles of openness transparency and non discrimination and its policy convergence with the OECD Declaration including responsible business conduct practices Capitalising on the OECD Policy Framework for Investment this review studies other policy areas that are of key relevance to investment such as SME policy infrastructure development trade policy as well as anti corruption efforts Since the first review of Kazakhstan in 2012 the authorities have made strides in opening the country to international investment and in improving the policy framework for investment as part of their efforts to diversify the economy to avoid continued overreliance on oil Additional policy measures are nevertheless required to create a stimulating environment for investment if the government wants to fulfil its goal of economic diversification and sustainable development **Denver Journal of International Law and Policy** ,2013 **Official Report of Debates, House of Commons** Canada.
