This book examines Indian foreign policy and security relations in its eastern regional neighbourhood Indian Foreign and Security Policy in South Asia conducts an in depth analysis into India s foreign policy towards the three main countries in India s Eastern neighbourhood Sri Lanka Nepal and Bangladesh In particular it deals with India s role in the final years of the civil war in Sri Lanka its approach to the peace and democratisation process in Nepal and Indian foreign policy towards Bangladesh on a range of issues including Islamist militancy migration border security and insurgency Set within an analytical framework centred on the notions of empire hegemony and leadership the study reveals that India pursued predominantly hegemonic strategies and was not able to generate genuine followership among its smaller neighbours The South Asian case therefore shows the discrepancy that may exist between the possession of power capabilities and the ability to exercise actual influence a conclusion which lifts the study from geographical specifics and extends its relevance to other cases and cross regional comparisons This text will be of much interest to students of Indian foreign policy Asian security foreign policy analysis strategic studies and IR in general The Dhaka University Journal of Science ,2011 **Fifty Years of Bangladesh Parliament** M.
