RS Peters

Dhet Past Exam Papers Ncommunication:

Proceedings of the International Conference on Education Research Reza Hosseini, **Open Learning as a Means of Advancing Social Justice** Tabisa Mayisela, Shanali Govender, 2024-01-23 This volume investigates the uptake of open learning in South African Technical Vocational Education and Training TVET colleges and higher education institutions Comprised of 16 studies focused on activities at a range of colleges and universities across the country these chapters aim to promote a better understanding of open learning practices across the Post School Education and Training PSET sector including issues such as recognition of prior learning access for students with disabilities work integrated learning professional development novel student funding mechanisms leadership for open educational practices institutional culture student support blended and online learning flexible learning online assessment open educational resource development models and funding and micro credentials This collection of peer reviewed chapters contributes to understanding the ways in which South African PSET institutions and educators are interpreting open learning as a means of advancing social justice It includes a historical and contemporary understanding of the economic cultural and political obstacles facing PSET drawing on Nancy Fraser s theory of social justice as participatory parity to better understand the ways in which open learning may address systemic social injustices in order to allow South African students and educators to thrive This volume emerges from research conducted by the Cases on Open Learning COOL project an initiative by the Department of Higher Education and Training in partnership with the Centre for Innovation in Learning and Teaching CILT at the University of Cape Town UCT in South Africa

Writing Centres in Higher Education Sherran Clarence, 2017-10-11 This collection of essays reflects on the ways in which writing centres in South Africa are working in and across disciplines Institutional constraints and challenges that arise from these collaborations are addressed and opportunities for transforming teaching and learning spaces are explored The chapters speak to the global move in higher education to reconsider how knowledge is made who makes it and how support and development opportunities for students and lecturers should be created and sustained across the disciplines This volume contributes to the body of knowledge in the growing field of the scholarship of teaching and learning in higher education in South Africa It builds on the work of the first collection of such essays *Changing Spaces Writing Centres and Access to Higher Education* Eds A Archer and R Richards 2011 SUN PReSS to understand why working within the disciplines is so critical for writing development in a South African context

ECKM2014-Proceedings of the 15th European conference on Knowledge Management Carla Vivas, 2014-10-01 The world economy in which we are living poses challenges that lead to a realization that more of the same will be difficult to sustain This provides an illustration that in order to create new or modified knowledge practices strengthen customer relationships and thus positively influence customer satisfaction organizations must be flexible in configuring combining knowledge and knowledge structures in a way that is appropriate for delivering value to the customer It must simultaneously develop effective strategies for updating the

knowledge of its staff members necessary for underpinning the creation and delivery of appropriate knowledge services Thus unlearning forgetting becomes a critical means for organizational success The ECKM community of scholars has already initiated dialogue that links its particular strengths to innovation issues This conference aims to further that dialogue by attracting leading edge work that leverages the ECKM community s in depth understanding of learning and unlearning to better understand knowledge management Our aim is to stimulate breakthrough research streams linking learning unlearning and knowledge management How can organizations tailor use and extend techniques and tools from knowledge management for improving their business practices and processes Building upon existing work on knowledge management KM and organizational learning the conference will promote interdisciplinary approaches from computer science and information systems business management and organization science as well as cognitive science Emphasis will be put on systematic learning from experience KM tools and KM success factors A special interest belongs to knowledge management initiatives which are lightweight i e do not place considerable additional burden on users and KM experts allow an incremental adoption i e do not require large up front investment before any return of investment is at least visible and are flexible regarding frequent changes in experts and topics Continuing the success of the ECKM conference series since 2000 the 2015 conference will provide an international communication forum bringing together academia and industry for discussing the progress made and addressing the challenges faced by continuous learning in knowledge intensive organizations

Global Student Engagement Hamish Coates,Xi Gao,Fei Guo,Jinghuan Shi,2022-05-05 Drawing together major global studies from leading researchers this book presents novel results ideas and developments from the world s largest collaborative study of student engagement in higher education It builds insight into contemporary higher education practice policy and research The chapters are written by experts who lead student engagement research in nine diverse countries in Asia Pacific North and South America Europe and Africa The book presents analysis results benchmark data and case studies It deep dives into research programs analytical capabilities empirical situations and development trajectories The book updates earlier publications and charts emerging perspectives and development opportunities The research contributions are for students of higher education as well as for policymakers advisors and university administrators Higher education practitioners and leaders around the world will enjoy this book
