chapter readers can explore a rich array of teaching tools and experiences which allow readers to learn from real world classrooms **Maximising the Impact of Teaching Assistants** Rob Webster,Anthony Russell,Peter

Blatchford,2015-10-05 Teaching assistants are an integral part of classroom life yet pioneering research by the authors has shown schools are not making the most of this valued resource Evidence shows the more support pupils receive from TAs the less academic progress they made Yet the reason for this has little to do with TAs It is decisions made about them by school leaders and teachers that best explain this provocative finding The fully updated second edition of this book draws on the experiences of schools that have put this guidance into action via the Maximising the Impact of Teaching Assistants programme Revised to reflect the latest research evidence and changes within education including the 2014 SEND Code of Practice this book will help school leaders and teachers in primary and secondary settings to rethink the role purpose and contribution of TAs and add real value to what can be achieved in classrooms Setting out a field tested process structured around a coherent and empirically sound conceptual framework this book helps school leaders review reform and reenergise their TA workforce provides practical strategies to implement in the classroom illustrates key points with new case studies provides photocopiable templates and resources to support decision making and action Maximising the Impact of Teaching Assistants provides much needed and evidence informed guidance on how to unleash the huge potential of TAs and is essential reading for all school leaders General Pedagogy Martha M. A. Zama,Margaret Nalova Endeley,2023-02-24

General Pedagogy A Guide to Effective Teaching demystifies the scientific art of teaching by providing facts principles and concrete examples in real life situations such that neither the novice teacher who peruses it will stutter in front of students on the first day of school nor will the experienced teacher write and execute the same old lesson plans on that day The best teachers are those who show you where to look but don t tell you what to see is a popular quote attributed to Alexandra K Trenfor which aptly summarises the kind of teachers this book intends to produce when used as a teacher training resource Real teachers facilitate learning they do not simply tell learners the answers to their questions and concerns Accordingly the authors take the readers through well researched themes in the academic discipline of teaching wherein they present analyse and discuss pertinent issues Although they provide useful suggestions for teaching success the authors encourage teachers to interpret facts ideas and suggestions presented against the sociocultural contexts of their practice The materials are presented creatively while adding a personal touch intended to facilitate effective and efficient learning For coherence and better comprehension the book has been carefully crafted in eighteen chapters lodged in six parts The first part introduces the reader to the concepts of teaching and teaching effectiveness The theoretical underpinnings of these concepts are brought out in the second part which paves the way for the third part that describes generic teaching approaches strategies and methods Part four and five comprise essential teaching skills and teaching tools for the 21st century while part six wraps up with the transition from teacher training laboratories to classrooms in the real world The last two chapters
