Boeing Big Users Guide Amazon:

Amazon Natalie Berg, Miya Knights, 2019-01-03 What is the secret to Amazon's success? What does the ecommerce giant have in store for the future? Explore the disruptive new retail strategies of the world's most relentless retailer and gain valuable lessons that can be applied to any business in the ecommerce sector with original insight from the company as it continues to revolutionize itself even further. The retail industry is facing unprecedented challenges. Across all sectors and markets, retailers are shifting their business models and customer engagement strategies to ensure they survive. The rise of online shopping and its primary player, Amazon, is at the heart of these changes and opportunities. Amazon's relentless dissatisfaction with the status quo is what makes it such an extraordinary retailer. This book explores whether Amazon has what it takes to become a credible grocery retailer and as it transitions to bricks and mortar retailing, investigates whether Amazon's stores can be as compelling as its online offering. Exploring the ecommerce giant's strategies, Amazon offers unique insight into how innovations such as voice technology, checkout-free stores, and its Prime ecosystem will fundamentally change the way consumers shop. Written by industry-leading retail analysts who have spent decades providing research-based analysis and opinion on retail strategy and enterprise technology use in retail, Amazon analyzes the impact these initiatives will have on the wider retail sector and the lessons that can be learned from its unprecedented rise to dominance as stores of the future become less about transactions and more about experiences.

Key features include: A strong strategic focus teaching students how to analyze markets, customers, and competitors to plan, execute, and evaluate a winning market strategy. Practical examples from a range of contexts allowing students to develop the skills necessary to work in for-profit, public, or non-profit firms. Emphasis on understanding the importance of working across organizational boundaries to align firm capabilities. Full chapters devoted to key topics including brand management, digital marketing, marketing metrics, and ethical as well as social responsibilities. Focus on globalization with a chapter on regional and international marketing. Multiple choice, discussion, and essay questions at the end of each chapter.
