Hang in There... Wherever "There" Is Nicole

Roberge, 2011-06-01 Description This compelling and poignant memoir tells about the journey through the disease of Anorexia, the recovery process and all that comes with it: the hurt, hope and humor. After almost dying from the disease and being neglected by the doctors, the author sought recovery and spent seven weeks at an inpatient facility. In her powerful story she digs into the depths of Anorexia and describes how her simple diet and exercise program turned into a horrific eating disorder, one that controlled her life and forced her to go to the gym every day for four hours and reduce her diet to only fruit. After almost suffering from a heart attack and amazed that she was still alive, she knew she had to save herself and get treatment. Today she is a survivor. By telling her story of the disease and recovery process, she not only educates the reader about eating disorders but also shares with them a secret world unknown to many and most importantly that there is hope and recovery is possible. About the Author: Nicole Roberge was born in 1982 and lives in Connecticut. As a writer, she has been published in *The Los Angeles Times*, *Rolling Stone*, *ELLEgirl*, *The Hartford Courant*, *Diverse Education*, *Her Sports*, *Gotham Baseball*, *Hear Say*, *Songwriter Universe*, *SHE Caribbean* and writes a weekly humor/dating column for *Online Dating Magazine*. Creating Characters

Howard Lauther, 2011-01-14 A frequent problem area for fiction writers is characterization. If writers jump headlong into a story with only a fuzzy notion about the people who are in it, the result is a collection of characters who are clichéd, stereotypical and not very interesting. *Creating Characters* is an easy-to-use reference work that looks at character development from many different angles. The book does not tell writers how to write. Instead, it generates a thought process by asking crucial questions about characters' internal and external traits: wants, needs, likes, dislikes, fears, beliefs, strengths.

weaknesses habits and backgrounds Following these questions the writer will find an ever deeper and wider array of options Thus Creating Characters helps writers delve as deeply into a character s psychology as they want All characters and the stories they people can be made richer and more compelling
