From the Cross to the Star of David (English version) Gabriel Moisés Sevilla Rosales, 2025-11-27 English version In a profound journey of faith and self discovery a young woman embarks on a spiritual path that leads her from the Cross to the Star of David Her story is that of a soul in search of truth one who dares to look beyond religious boundaries to find the divine thread that unites both faiths Through pages filled with reflection wisdom and sensitivity the protagonist explores the roots of Christianity and Judaism discovering that faith is not found in what divides us but in what connects us The Cross symbolizes her past devotion and sacrifice the Star of David represents her rediscovery of spiritual identity divine heritage and her connection to the Torah Written with a tone that is both symbolic and deeply uplifting this book is not a story of conversion but of reconciliation an invitation to see spirituality as a whole to recognize that divine light shines in many forms but always comes from the same source From the Cross to the Star of David is a journey of reflection healing and spiritual rebirth a story for those seeking answers beyond religion and longing to uncover the unity behind faith This book was created with the assistance of artificial intelligence ChatGPT and edited by the author to ensure originality and coherence
