Boric Newspaper Logs Recipe:

Four Generations Cookbook Beverley A. Benjamin, 2016-12-29 As our six children moved out I would often receive a phone call asking Mom how did you make this What was the secret ingredient As a child I would watch my Mother cook and preserve fruit can and freeze vegetables bake and have family get together s to make Perogys I enjoyed cooking when I first took it in Junior High School and started to collect recipes I did a lot of family history and over the years I also was given many recipes from the family members plus saved many from other resources My Stepfather taught me the cooking of wild game to make it tender When I got married we had our own garden plus raised cattle chickens turkeys pigs rabbits and even tried ostriches We did our own butchering and I learned from my husband s boss how to do make headcheese from the pigs I made cottage cheese and butter from our milk cow I made sourdough from scratch also From our garden we froze a lot of the crop for the winter The fruit we grew got made into jams and jellies as well as the wild fruit that we picked Often we would go picking berries as a family outing or while Roy and I were haying the children would pick wild berries near the fields We would have a treat of fruit at the end of the day and the excess got made into preserves or into juice My one challenge was making bread even with a bread machine It never turned out Roy took over that challenge and got a recipe figured out that even now I cannot fail making bread The Grandchildren loved helping him make buns When Roy passed away I tried the recipe and when the Grandchildren tried the bread their remark was It taste s just like Grandpa s bread My recipes were in several boxes and I knew where the ones were that I used the most When I started entering my collection into a computer Roy suggested I should make a cookbook because I had a collection of over a century of recipes I have done that now and the collection has recipes from early 1900 s with the old way of the size of the ingredients like amount of butter the size of an egg up to modern amounts I also have enclosed tips that were given to me over the years plus a few old poems that have a special meaning to me

Living Homes Thomas J. Elpel, 2010 The house of your Dreams does not have to be expensive The key is all in the planning How much a house costs how it looks how comfortable it is how energy efficient it is all these things occur on paper before you pick up even one tool A little extra time in the planning process can save you tens of thousands of dollars in construction and maintenance That is time well spent Living Homes takes you through the planning process to design an energy and resource efficient home that won t break the bank Then from the footings on up to the roof author Thomas J Elpel guides you through the nuts and bolts of construction for slipform stone masonry tilt up stone walls log home construction building with strawbales making your own terra tile floors windows and doors solar water systems masonry heaters framing plumbing greywater septic systems swamp filters concrete fly ash countertops painting and more Living Homes was completely re organized and revised for the new sixth edition based on five additional years of building experience with low cost high efficiency construction methods Get the latest ideas on how to build a high performance house that will stand the test of time The sixth edition includes fifteen pages of new material covering the latest stone masonry tips

plus revised and expanded tips and techniques throughout the book American Druggist and Pharmaceutical Record ,1894
