Book Report Of The Cay:

The Cay Theodore Taylor, 2003-04-08 For fans of Hatchet and Island of the Blue Dolphins comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him and he is eager to glimpse it firsthand until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion, is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: They are different and they live differently. But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. Mr. Taylor has provided an exciting story. The idea that all humanity would benefit from this special form of color blindness permeates the whole book. The result is a story with a high ethical purpose but no sermon. *New York Times Book Review*: A taut, tightly compressed story of endurance and revelation. At once barbed and tender, tense and fragile as Timothy would say, outrageous good. *Kirkus Reviews*: Fully realized setting, artful, unobtrusive use of dialect, the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature. *School Library Journal*: Starred. Starkly dramatic, believable, and compelling. *Saturday Review*: A tense and moving experience in reading. *Publishers Weekly*: Eloquently underscores the intrinsic brotherhood of man. *Booklist*: This is one of the best survival stories since Robinson Crusoe. *The Washington Star*: A New York Times Best Book of the Year.
